NEWS

THE GALAPAGOS ISLANDS' FIRST TRUE SUPERYACHT EXPERIENCE

As the first true superyacht in the Galapagos Islands, the 50m Aqua Mare takes an iconic once-in-a-lifetime adventure to the next level. With her expansive size and world-class pedigree, she boasts 30 percent more indoor volume than most yachts her size, making her the perfect respite after active days exploring the remote wildlife and dynamic nature of the Archipelago.

Declared a UNESCO World Heritage Site in 1978, this remote Archipelago of 18 islands and more than 100 small islets lies around 600 miles off the coast of Ecuador in the Pacific Ocean.

Its proximity to the equator, volcanic activity, and influence from three ocean currents (Humboldt, Panama, and Cromwell) created a distinctive set of environmental conditions that allowed for a unique land and marine ecosystems to develop over the course of four million years.

SYNDICATE YACHT OWNERSHIP WITH YACHT SHARE NETWORK

Yacht Share Network is among an increasing number of companies offering syndicate ownership, rather than outright ownership of a luxury yacht.

Ease of entry and exit are a key differentiator between shared and outright ownership of a yacht. Yacht Share Network are very keen to maintain the comparative ease to buy or sell a share in one of the syndicates. We have found that our shares generally change hands more rapidly, and with less complication than the sale of a whole yacht does.

CHARTER THE AZIMUT GRANDE 30 METRI 'MEMORIES TOO' IN GREECE

We are thrilled to announce the first Azimut Grande 30 Metri available for charter in Greece and Turkey - the luxury motor yacht MEMORIES TOO. Penned by who else than Stefano Righini responsible for her exterior lines, Azimut Yachts appointed Salvagni Architetti to style the beautiful interior. And what a yacht this is! She immediately catches one's eye with her muscular but yet elegant appearance, a dynamic look which craves

for being unleashed, a look which invites families and friends at the same time for an unparalleled luxury yacht charter experience.

Charter yacht MEMORIES TOO Azimut Grande 30 Metri accommodates up to 12 guests in 5 well-appointed staterooms in a classic layout with the master suite on the main deck forward and the 4 guest cabins on the lower deck.

FIVE SECRET CARIBBEAN DESTINATIONS

Private yachting holidays are the favoured choice for today's cultured traveler looking for the ultimate in luxury accommodations, privacy, flexibility and personalized service. Chartering a luxury yacht allows you to travel to the world's most desirable and exotic locations creating unforgettable life experiences along the way.

While the list of popular cruising destinations is endless, you also have the option to venture off the beaten path and access places few will ever get to discover. There's certainly something enticing about chartering to more remote locations where unspoiled tropical beauty and unbelievable privacy abounds.

If exploring under the radar yet ever-so-dreamy destinations sounds like your kind of vacation, consider adding these five little-known Caribbean islands to your charter itinerary.

EXPLORE BEAUTIFUL FIJI ONBOARD 'DE LISLE III'

The creation of renowned naval architect Frank Mulder and interior designer Sam Sorgiovanni, the 42m DE LISLE III has seen no expense spared on her lavish furnishings with Italian marble, natural leather and 24-carat gold fittings used throughout. Built in 2008 by Gulf Craft and refitted in 2014, DE LISLE III now offers charters in Australia, Fiji and other South Pacific destinations.

Fiji is one of many small countries in the South Pacific Ocean. Fiji is somewhat east of Australia, southwest of Samoa, and north of New Zealand. Tonga, New Caledonia and Vanuatu are also nearby. Fiji is made up of over 300 islands. The two main islands are Vanua Levu to the north and Viti Levu to the south.

Fiji's clear waters are renowned as among the best in the world for diving and snorkelling. An archipelago of over 300 islands spread over 200,00 square miles, Fiji offers hundreds of diving sites to please everyone from novice through to experienced diver.

“SUMMER OF MANTAS” AND “WINTER OF WONDERS” WITH FOUR SEASONS EXPLORER

Four Seasons Explorer has returned to the Maldives for more epic oceanic adventuring. Living in renowned Four Seasons style aboard the 11-cabin, three-deck catamaran, adventurous spirits can enjoy two seasonal cruise options: Summer of Mantas and Winter of Wonders.

From July to October, brand new Summer of Mantas cruises offer all-inclusive 3, 4, or 7 night itineraries that follow the world’s largest known population of “oceanic ballerinas” – and their whale shark friends – through the Baa Atoll UNESCO Biosphere Reserve and into the plankton-rich waters of Rasdhoo, North and South Ari Atolls. Join experts from The Manta Trust (recently featured

on CNN), for thrilling mid-ocean encounters, diving and snorkelling remote reefs, prime sunrise and night sites, and untouched coral-rich thilas.

From November to May 2022, experience a different extraordinary every day with Winter of Wonders cruises: endless bucket-list encounters across five atolls, from coral-ceilinged caves to camera-happy sharks, swim-through tunnels to a fish-filled wreck. Unlike Summer of Mantas cruises that depart from and arrive back to Four Seasons Resort Maldives at Landaa Giraavaru, Winter of Wonders cruises follow 3, 4 and 7 night itineraries between Landaa Giraavaru and Four Seasons Resort Maldives at Kuda Huraa.

BALI CATSPACE MY

Conceived by Olivier Poncin, the new catamaran BALI Catspace Motoryacht combines all the latest innovations in cruising.

The shape of her hulls and her integral deck give her excellent seakeeping qualities and make it exceptionally easy to move around from the deck saloon at the bow with its immense relaxation space to the very large aft platform with bench seat and lockers. Access to the flybridge on each side is easy and safe. In this superb space, everything is designed for conviviality: the cockpit, offering a 360° view, is lined with comfortable bench seats, as is the central area with table and kitchenette for aperitifs and a well sheltered meal under the opening hard-top bimini (optional), before relaxing on the large sunbathing areas, aft.

Your choice of engines (from 2x150 to 2 x250hp Yanmar) will determine your sailing program. Whichever you choose, the priority is range, with up to 1,400 liters (370 US gal) of fuel and 700 litres (185 US gal) of water... not everyone can say the same on their 40-foot yacht!

FIND OUT MORE:

<https://yachtcharterandcruise.com/news/bali-catspace-my/>

SEYCHELLES - A YACHT CRUISE TO THE GARDEN OF EDEN

There aren't many places on Earth where hawks-bill turtles feel so unthreatened that they come ashore in broad daylight to lay their eggs. These exotic Gallic outposts were made for exploring by sea, with BBQ breaks on deserted islands, every-day swimming stops, and walking tours through the lush interiors.

Scattered across the Indian Ocean, some 1,000 miles east of Kenya, these 115 islands offer everything from unsurpassed white sandy beaches to UNESCO Heritage Sites and incredible wildlife. Massive granite rocks and coral fringed beaches create an air of drama and beauty while seamlessly fusing land and sea. Explore Paradise by Yacht..

A GREENER CHARTER

Through its new partnership with ‘ClimatePartner’, Ocean Independence can now offer its charter clients the option to offset their emissions and support important environmental projects around the world ...

OCEAN INDEPENDENCE

There’s nothing that can match the feelings of anticipation and excitement which go hand in hand with booking a yacht charter. Now a deep sense of satisfaction can be added to the mix with the knowledge that you have offset the carbon emissions from your charter and supported life-changing environmental projects in the process.

Our new partnership with ClimatePartner, a pioneering solution provider for corporate climate action, enables our clients to make mindful, climate-conscious decisions and make a positive impact on the environment when booking their yacht charters.

A vital part of our broader Environmental Social Governance programme, our carbon offsetting initiative has been in the planning since 2018. “We developed it before Covid but realised our clients and charter guests were probably not focussed on it during the pandemic,” says Daniel Küpfer, Managing Director of Ocean Independence. “We believe the time is right for it now.”

Selecting the right company to partner with was an exacting process, and ClimatePartner stood out. Founded in Munich in 2006, the company now has more than 5000 clients around the world and offices in 13 countries. “During the selection process we had many meetings with various companies and ClimatePartner came across as really passionate about what they were doing at both a personal and company level,” says Thomas Carey, DPA and Project Manager at Ocean Independence, and instrumental in implementing our partnership with ClimatePartner.

OCEAN INDEPENDENCE

ClimatePartner is independently verified by TÜV Austria, an international specialist in environmental matters, “so the whole process with them is very transparent – both for us and for the Client, so we know the money will be used correctly,” he adds.

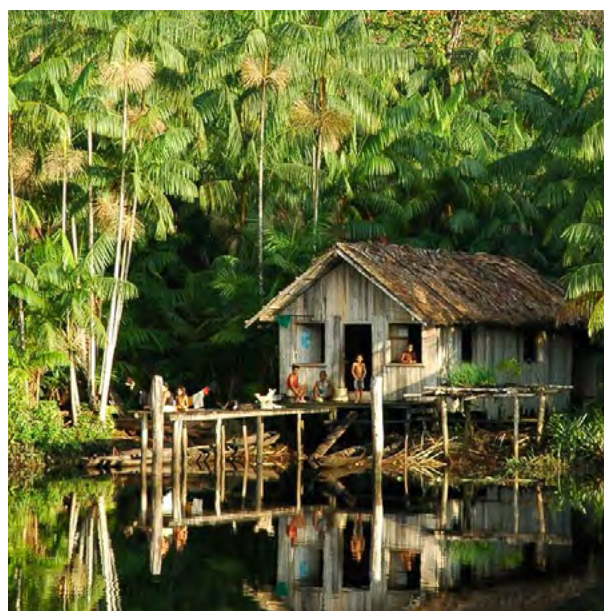

“Trust is essential and we are confident we have found a trustworthy partner because we don’t want to participate in greenwashing,” says K pfer. “We recognise the vulnerability of the environment and our responsibilities and as a company we want to shape the future of yachting – the entire industry needs to develop in that direction. Offsetting carbon emissions from our charters should really have an impact, and it is just the beginning of a much wider environmental programme for Ocean Independence.”

Another part of the appeal of ClimatePartner was the water-based projects the carbon offsetting programme supports. We have selected four projects to support, all of which are sustainable and have far-reaching benefits both to local communities and the wider environment.

So how does it work? All you need to do is simply decide whether to offset your charter’s emissions and we’ll take care of the rest. Our easy to use offsetting calculator, developed in house, uses complex technical data to show exactly how the emissions will be offset and where the money will be invested. “From A to Z there is full transparency so our clients can have full confidence and feel affiliated with the causes they are supporting,” says K pfer. After the charter is completed, ClimatePartner will issue a certificate so our clients can see exactly what they’ve invested in and where the carbon emissions have been offset.

Offsetting the carbon emissions from our yacht charters is just the beginning of our company-wide commitment to making Ocean Independence more environmentally friendly. ClimatePartner has been working with us to calculate our corporate carbon footprint and supporting us to make greener choices. “We are planning to have a fully implemented ESG programme, and we have introduced initiatives such as offsetting business travel, recycling, reusing of materials, avoiding single-use plastic and organising team events such as participating in the World Cleanup Day,” says K pfer.

“On board our managed yachts, we are avoiding single use plastic and working closer with the crew so the food and beverage is purchased locally and not flown in. We think it’s rewarding because there is awareness amongst our staff in the office and amongst the crew, and there is also a lot of awareness amongst our charter guests,” he says. “Our obligation is to come up with the solutions.”

The yachting industry as a whole is evolving to address climate change,” says Carey. “We already see at the shipyards that clients often ask for hybrid propulsion concepts for their new builds,” says K pfer. “More and more we see the use of solar cells, and there is a lot going on in terms of research into alternative fuels and a general reduction of emissions to meet the target of the International Maritime Organization.” (The IMO is aiming for each vessel to have reduced its greenhouse gas emissions by at least 40% by 2030 compared with 2008.)

There is also a shift in the way owners are buying and using their yachts altogether. “We are seeing that there is a slowly increasing demand for a shared ownership of a yacht, so the footprint of creating it remains the same but it’s more cleverly shared between different owners,” says K pfer. “For future generations, property becomes maybe less important and people are more willing to share when they are aware that this is a good use of their impact on the environment. This is just the beginning.”

OCEAN INDEPENDENCE CARBON OFFSET PROJECTS

CLEAN OCEANS, PLASTIC BANK. WORLDWIDE

By offsetting one tonne of CO2, 10kg of plastic are collected. This corresponds to approx. 500 plastic bottles.

SOCIAL IMPACT, NATIONWIDE, INDIA

A Chlorine-based treatment for water that reduces firewood consumption from households having to boil water for cooking or drinking. This project saves 10,000 tonnes of CO2 per year.

HYDROPOWER, VIRUNGA, DR CONGO

The currents of the Rutshuru River are used to generate clean electricity to over 5,000 households.

SOCIAL IMPACT, NATIONWIDE, INDIA

Over 700 million people in India cook on an open fire with serious health implications. By granting microcredits households can purchase stoves and solar lights saving an average of 100,000 tonnes of CO2 per year.

THE PEER-TO-PEER GENERATION

In recent years there has been a huge increase in the popularity of Peer-to-Peer ONLINE Boat Rentals and Yacht Charters.

One of the initial companies to establish itself in this growing market was SamBoat which was formed in 2014 with one objective, to bring the pleasure of boating to as many people as possible. Within a few years, SamBoat became the marketplace leader for boat rentals, thanks to its progressive, innovative technology. Samboat's fleet includes privately-owned boats and larger charter companies that can be booked bareboat or with a skipper with just a click. SamBoat is trusted by the largest community of sailors thanks to its authentic ratings, identity verification, secure payments and dedicated insurance. Each year, more than 300,000 people sail thanks to the SamBoat service.

Most recently, and after decades of experience in the sailing industry, the highly respected yacht charter company 'LateSail' joined SamBoat.

The team is the same but the technology is more advanced. You can also search even more boats! SamBoat has over 40,000 boat listings worldwide from its trusted partners, including motorboats, yachts, gulets, monohulls and catamarans.

So how do Peer-to-Peer Rentals work?

With Peer-to-Peer Charters there are 5 stages of the rental:

FOR THE YACHT OWNER:

1. Place your Free Ad

Place your ad free of charge with no obligation in just a few clicks. Add the details of the boat, its price, its availability, as well as some beautiful photos and you're all set.

2. Choose the right Renter

When you receive a booking request, choose to accept or refuse a tenant based on their experience (Sailing CV) and their previous reviews.

3. Meet with your Renter

The day of the rental, you take inventory of the boat and then sign the rental contract provided by SamBoat. Hand over the boat to the renter and share your useful tips on the area of navigation.

4. Receive the Payment

You are assured of being paid once the rental is completed thanks to a secure payment. Also, the security deposit can be managed online, thanks to a credit card pre-authorization.

5. Leave a Review

At the end of the rental, make sure that everything went well and examine the state of the boat on site. Finally, leave a review on the client.

FOR THE RENTER:

1. Search for a boat

Look for the ideal boat according to its price, size or availability. When you have found the boat of your dreams, fill in your profile and send a booking request to the owner.

2. Reserve online

If your booking request is accepted, you pay your rental online. The amount will be deposited to the owner on the 1st day of your rental.

3. Take inventory of the boat

When the day comes, you board the boat and make sure it corresponds to the descriptions in the ad. The owner will help you take control of the boat and you will sign the rental agreement.

4. Sail with peace of mind

After you have harvested the valuable advice from the owner on the navigation area, navigate peacefully on their boat. Plus you can call us 24/7.

5. Evaluate your rental

At the agreed time, return the boat in perfect condition to its owner. Finally, leave a comment on the quality of the boat and its owner.

FLOTILLA HOLIDAYS EAST MEDITERRANEAN 2023

Flotilla Sailing Holidays are a popular choice for couples, friends and families - the perfect choice in the sun-soaked East Mediterranean ...

Sailing in company on your own yacht ...

A "flotilla" is a group of yachts sailing in company accompanied by a flotilla skipper and hostess on the lead yacht. You have virtually all the advantages of independent yacht charter, plus the support of the flotilla crew to make the most of your flotilla sailing holiday. You're the skipper of your own yacht, and each day's activities are yours to decide - you can sail hard or simply idle towards the next port soaking up the sun on the way. Flotilla sailing holidays are a popular choice for couples, friends and families.

Enjoy a great activity holiday ...

The flotilla sailing itineraries are arranged so that you visit the best places but there is always the

opportunity for free sailing. Stop for a lunchtime swim and picnic in a beautiful bay. Enjoy great sailing in the afternoon breeze before mooring up for the night in a bustling harbour where you can step off your yacht onto a quayside full of bars and tavernas.

Share the fun with your family ...

During school holidays there are usually other families on the flotillas. Children, especially

teenagers, love flotilla holidays. There's so much going on afloat and ashore - no time to get bored! There's plenty for them to get involved with as crew - plotting the course, weighing anchor, setting the sails. Every evening the flotilla yachts are moored up together so there's plenty of opportunity to meet up with your new friends.

WHERE TO GO?

Ionian Islands, Greece

Lighter winds and shorter passages make the Ionian Islands a relaxed flotilla sailing holiday popular with families and less experienced crews.

Explore these beautiful Greek islands and experience gentle afternoon breezes, warm seas and friendly harbour-front tavernas. This flotilla is ideal for couples and families with children seeking a relaxed sailing holiday.

The sheltered waters of the Ionian offer an unlimited number of tranquil bays and enchanting fishing harbours. Navigation is straightforward with no tides, currents or other hazards. There are good sailing breezes late morning through the afternoon, but winds rarely exceed Force 5. Anchor in picturesque bays or moor up in bustling fishing harbours.

We don't believe in 'regimented' flotilla sailing. You're free to plot your own course during the day. The flotilla skipper is on hand to give you advice and support - from sorting out a snarled anchor to reserving you a table for dinner on the quayside.

Less experienced skippers will appreciate his help with mooring "stern-to" or "bows-to" on the quayside at the end of an enjoyable afternoon's sail. And if you are an experienced sailor you can choose to leave the flotilla for a few days, joining up for the barbecue evening or other social event.

Fethiye, Turkey

This flotilla sailing holiday allows time to explore the charming anchorages in the attractive pine-wooded Fethiye Gulf.

Any of the yachts based at Fethiye can join the Fethiye flotilla and explore this beautiful stretch of the Turkish coast in company. The flotilla skipper and hostess accompany the flotilla on the lead yacht and are on hand for help and advice as required. They have the latest weather forecasts and know the best anchorages for lunch stops.

With alternating one week itineraries you can choose between the Fethiye/Cold Water Bay route or the Karacaoren route, both taking in stunning bays with crystal clear waters as well as ancient sites.

Those with more time may choose to combine the two routes and enjoy a two week holiday for a truly memorable experience or take the two week special flotilla route to Datca which runs on set dates in the high season.

Fethiye Bay is sheltered with north-westerly winds Force 2-3 but on longer passages along the coast winds may be occasionally 5-6. These fade as the sun goes down to give a calm night on anchor in one of the numerous sheltered bays and anchorages.

Dubrovnik, Croatia

The Dubrovnik flotilla offers a charming mix of Croatian islands and mainland harbours and now also includes a brand new Montenegro route capturing the breathtaking fjord of Kotor.

The Dubrovnik flotilla has been increasingly popular since its appearance in 2016. Start and finish your flotilla sailing holiday at the world famous city of Dubrovnik. Our base in the marina is situated at the end of the Rijeka ("river") Dubrovačka inlet, very well protected and a great place from which to start your flotilla holiday in Croatia. If you arrive early, why not take a trip into the UNESCO World Heritage old town, which dates back to the 7th century.

One week the flotilla sails north to the islands of Mljet, Lastovo and Korcula, all offering some fantastic harbours and anchorages. The next week the flotilla will sail south into the stunning fjord of Kotor in Montenegro. Choose which route you prefer or why not have the best of both and book a fabulous two week flotilla!

Croatia and Montenegro have ideal conditions for a flotilla sailing holiday with reliable afternoon winds. You can expect reliable sunshine and predictable moderate to fresh winds mainly in the afternoons.

TOP QUESTIONS

Do I need sailing experience or qualifications?

To skipper a bareboat charter or flotilla yacht, you need to hold a practical sailing certificate equivalent to RYA Day Skipper Practical qualification or RYA International Certificate of Competence (ICC). For charters in Greece, you must now have the ICC certificate. You must also be assisted by at least one competent crew member over the age of 18.

For charters in Croatia, Malta and the Canaries, at least one member of the crew or the skipper will also need a VHF licence.

If you wish to take part on a flotilla but do not have an RYA qualification then you may like to choose our 'Learn on flotilla' option on the Ionian flotilla in Greece.

Alternatively, RYA qualifications can be obtained by RYA sailing schools in the UK or from one of our overseas centres in Gibraltar, Greece, Turkey or Croatia.

Which Flotilla will suit my experience level?

Less experienced and experienced skippers alike will benefit from the help and advice from the flotilla lead crew and their knowledge of the local area. He will provide daily weather forecasts and guide you through the cruising area, making sure you visit the best places. The flotilla skipper will save you a berth and be there to take your lines when you moor at the quayside meaning you don't have to reach harbour early but can stay out longer enjoying the afternoon winds.

And of course everyone enjoys the social side of the flotilla. Every evening the flotilla yachts are moored up together so there's plenty of opportunity for adults and children to meet up with new friends.

The Ionian flotilla and Fethiye flotilla suit less experienced skippers as the winds are lighter and the cruising are more protected.

More confident skippers will enjoy the Athens flotilla, Cote D'Azur flotilla or the flotillas in Croatia - Trogir flotilla or Dubrovnik flotilla.

Experienced skippers will relish the fresh sailing winds on the Sporades flotilla and Dodecanese.

If you do not have any skippering experience or you want to brush up your skills, book a 3-day or 6-day instructor on the Ionian or Athens flotillas in Greece - Learn to sail on flotilla in Greece.

Which Flotilla is best for Children?

All our flotillas are family-friendly and children are very welcome. During the school holidays there are always children on all of the flotillas.

Younger children will appreciate the shorter passages and sheltered weather on the Ionian flotilla and Fethiye flotilla.

Older children may enjoy the cultural experience of sailing on the Athens flotilla, Cote D'Azur flotilla or the flotillas in Croatia - Trogir flotilla or Dubrovnik flotilla.

Children with plenty of sailing experience will relish the fresh sailing winds on the Sporades flotilla and Dodecanese flotilla.

THE RETURN OF THE BRITISH VIRGIN ISLANDS

The BVIs have had a tough time over the past five years. Back in 2017, hurricane Irma devastated the islands, and just as the region was getting back on its feet, the COVID pandemic halted the full return of tourism. Facing its first fully open season since 2017, the BVIs are back with a fully refreshed look ...

KRAKEN
TRAVEL

Yacht charter has always been a huge part of tourism in the British Virgin Island, and why shouldn't it be? The archipelago includes more than 60 islands, cays, and islets, of which only 16 are inhabited, providing a haven of "line-of-sight" sailing and with protection from Atlantic swell and nearly no tide, it's ideal for seasoned and novice crew alike. Known for their beautiful beaches, clear waters, and luxury resorts, there's plenty to keep even the most eager of charter crews busy.

BVI TOP PICKS

BITTER END YACHT CLUB

Hurricane Irma flattened the whole estate in 2017, and over the past 5-years Bitter End 2.0 has risen out of the sandy ashes. Located in the North Sound of Virgin Gorda for over 50 years, Bitter End Yacht Club has attracted sailors from around the globe with its quaint charm. It provides near-perfect sailing conditions, endless sunshine, and crystal-blue waters surrounded by colourful reefs, the North Sound is a sailing and watersports mecca.

Bitter End's return to the BVI may have been long, but in doing so, it has built a sustainable hideaway and with the same authentic charm they have become known for. Alongside a 26-berth marina, with 70 mooring buoys a short tender ride away, the shoreline boasts a gourmet market, boutique shops, a fantastic casual restaurant and two bars serving up Caribbean cocktails.

For sailors spending a whole day at Bitter End, the resort's watersports club has a range of dinghies, windsurf gear, SUPs and foil boards for guests to get active on the water with - and with a Dive centre next to the marina, exploring the nearby reefs is easy. Make sure you're at the club for 2pm to take advantage of the daily dinghy regattas and SUP exploration challenges.

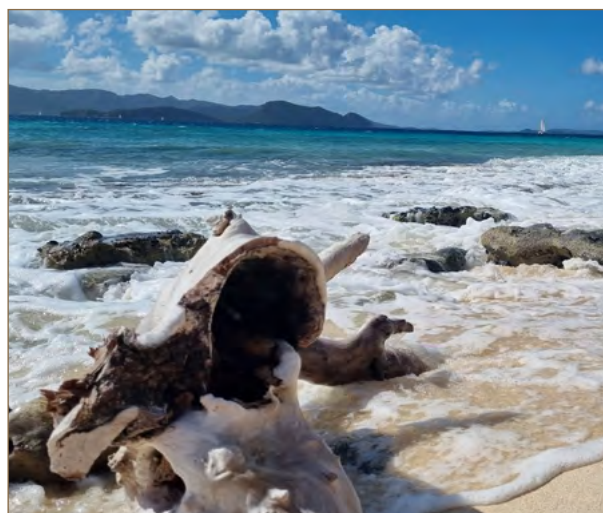

WRECK OF THE RHONE

Built in 1865, the Rhone was one of the largest and most advanced Royal Mail Ships in operation in the late 1800s. In October 1867, the ship was sailing from England to the Caribbean when it was caught in a hurricane and sunk near Salt Island in the BVI. The wreck is now a popular dive site, known for its well-preserved condition and the artefacts that have been recovered from it, including coins, ceramics, and other objects. Whilst local dive centres offer a range of excursions to explore the wreck, due to large sections being in shallow water, it's possible to pick up one of the 8 National Park Day mooring buoys, pop on a snorkel and spend a good hour exploring the reefs that have taken over the wreck.

SANDY CAY

Previously owned by the Rockefeller family, this tiny uninhabited island between Tortola and Jost van Dyke is now looked after by the National Parks Trust of the Virgin Islands. Make sure that you arrive early to pick up one of the very few National Park day mooring buoys. A short swim or tender ride ashore will see you embrace your own deserted island adventure. The soft sand is home to hermit crabs, and the woodland has a few species of geckos and Iguanas living amongst the short trees. A small trail around the island encourages visitors to discover the island's native habitat and scales to the highest point of just 3.5m above sea level. However, from this vantage point, you'll get a great view of both Tortola and Jost van Dyke.

There are no facilities on the island, so take ashore a chill box of beers and a rucksack of snacks for the full beach picnic experience. Just make sure that you head back to your yacht that you don't leave anything behind and this little paradise stays pristine for the next visitors.

CALLWOOD RUM DISTILLERY

Located in Cane Garden Bay, Callwood Rum Distillery has been producing rum in the same building for over 400yrs. With over 50 gallons of rum produced daily, a tour of this working distillery is fascinating. For just \$5 per person, one of the team will give a very laidback private talk on how their distillation process works, walk you through the sugar cane fields and then demonstrate how their methods and machinery haven't changed in for centuries. Afterwards, you're invited back into the ramshackle interior to sample 5 of their rums.

Once you've sampled the local tiple, Cane Garden Bay's beachfront has an array of bars serving fantastic drinks using rum distilled just a few hundred meters away. Take your time to wander from bar to bar, finishing up watching a famous BVI sunset sipping a sweet rum cocktail.

THE PERFECT 7-DAY BVI ITINERARY

In just one week, you can explore the best of the BVI with still plenty of time to relax. In our itinerary, the navigation is easy, and you'll spend every night either on a pre-booked mooring buoy, or at a marina where staff are on hand to help you berth.

DAY 1:

Sail from Tortola to Bight Bay on Norman Island. On your way, be sure to pick up a mooring buoy I at Pelican Island for a snorkel off "The Indians". Once settled in the Bight, jump in the tender and explore the caves off Treasure Point before relaxing at Pirates beach bar, then a night jumping off the floating bar "Willy T's".

DAY 2 :

Sail up to Cooper Island. En route, stop off at Salt Island to snorkel over the Wreck of the Rhone. At Cooper Island, be sure to visit their famous rum bar with over 260 varieties to choose from.

DAY 3:

It's time to wake up early to be one of the first to arrive at The Baths on Virgin Gorda. These luna-like rock formations are very popular with all tourists, so an early arrival ensures you can explore in peace. Back onboard, sail up to the North Sound to spend the rest of your day at Bitter End Yacht Club. Explore everything the club has to offer, and if you stay for dinner, the Lobster pizza is great!

DAY 4:

Head off on a 20nm downwind sail to Cane Garden Bay. As you sail between Beef Island and Great Camanoe, stop over at White Bay on Guana Island to swim with turtles off Monkey Point. Arriving in Cane Garden bay, walk to Callwood Rum Distillery for a tour before they shut at 4pm, and then wander back to the tender via the many beach bars.

DAY 5:

Set your final destination as Great Harbour on Jost Van Dyke, but sail via Sandy Cay for the remote Caribbean island sensation. Moor close to the shore in Great Harbour, and enjoy an evening in the legendary Foxy's.

DAY 6:

Hop around to White Bay, tuck inside the reef on the western end of the beach, drop anchor and swim ashore to Soggy Dollar bar for their famous Painkiller cocktail. After a day of fun on the beach, swim back to your yacht and sail to Soper's Hole on Tortola for your last night onboard.

Day 7:

It's time to return your charter yacht back to base. Enjoy a morning sail up the coast of Tortola to your final destination.

THE ISLES OF THE BVI - AROUND THE ARCHIPELAGO

Uncommonly breathtaking, filled with wonder, and yours to discover — the isles that comprise the British Virgin Islands archipelago are the Caribbean’s most treasured jewels.

Uncommonly breathtaking, filled with wonder, and yours to discover — the isles that comprise the British Virgin Islands archipelago are the Caribbean’s most treasured jewels. Each is a verdant piece of paradise dotted with endlessly charming points of interest, surrounded by immaculate white beaches and sapphire-toned waters. As you make your way from dock to dock, the unique character of each landing will delight and surprise you while compelling you to explore.

ANEGADA

Anegada is one of the archipelago’s most unique islands, given its nearly level coral and limestone topography (in contrast to the volcanic origin of most of the region’s other islands). In fact, Anegada only rises 28 feet above sea level at its highest point! The island is also surrounded by striking reefs, underwater caves, tunnel formations and age-old shipwrecks, making it a popular spot for snorkelers and SCUBA divers. Nature enthusiasts will also discover much to love on Anegada, thanks to a largely unspoiled ecosystem that incorporates several interesting native species (such as rock iguanas, wild orchids, lush tropical vegetation and colourful exotic birds). The island’s main township — The Settlement — is also home to unique island-style lodging and shopping.

VIRGIN GORDA

Virgin Gorda is BVI’s third-largest island, and was so named by Christopher Columbus — being as he found its shape reminiscent of a reclining woman. The island is regarded as one of the area’s most beautiful, which is high praise given how utterly stunning the archipelago’s isles are in general. Visitors to Virgin Gorda will discover vegetation-lined walking trails, several nature sanctuaries, and a truly awe-inspiring view from Gorda Point. From there, you’ll enjoy a panoramic eyeful of the island’s pristine beaches and national park space. Natural beauty isn’t the only sort that’s on offer, however. Virgin Gorda is also home to

several historic sites, including the remnants of early African, Spanish and Indian settlements. The island's largest city (Spanish Town) is a must-visit for exceptional cuisine, gifts, yacht clubs, luxury lodging, and local culture.

TORTOLA

As the archipelago's largest island, the Capital isle of Tortola is the most likely starting point for your British Virgin Islands adventure.

Ancient ruins of historic settlements past coexist side-by-side with oceanside luxury resorts and modern townships here. Some of the most stunning white-sand beaches in the world line the shores of Tortola, inviting romantic strolls and cool dips in the shade of gently swaying palms. Elsewhere, the landscape is characterised by lush mountains, hidden harbours, and sweeping plains.

If you're looking for more exciting escapades (such as water sports, fishing, or boating), then Tortola is more than up to accommodating you there, as well. Anchorages at Brandywine Bay, Soper's Hole and Trellis Bay afford excellent origin points for sailing, while surfing Cane Garden Bay, or game fishing the North and South Drops are also popular. History buffs will also find much to explore here. Pay a visit to the 1780 Lower Estate Sugar Works Museum, Fort Burt, Mount Healthy Windmill, Callwood's Rum Distillery, J.R. O'Neal Botanic Gardens, Old Government House Museum and VI Folk Museum to learn about Tortola's rich past.

When staying on Tortola, travellers have a range of options — from luxury resorts, to private villas, and even a scenic campground. Regardless of how you choose to spend your time here, you'll find both the landscape and the locals to be warm, friendly, and hospitable.

JOST VAN DYKE

Although it's one of BVI's smallest islands, Jost Van Dyke (named for a Dutch privateer) still encapsulates an abundance of charm and history. Intrepid explorers can discover the ruins of early sugar mills, still-surviving explorer footpaths, and near-endless amounts of interesting wildlife here. Archaeological evidence suggests that Jost Van Dyke was visited by civilizations as diverse as the Arawak tribe, Caribs, Africans, the British, and — naturally — the Dutch. Despite its diminutive stature, Jost Van Dyke's rich melting-pot history has fostered some of the Caribbean's best dining, with barbecue, Indian and seafood dominating the menus at the isle's various beachside eateries.

OTHER NOTABLE ISLANDS

The British Virgin Islands archipelago comprises more than 60 individual islands. The largest are known for rich vegetation, exceptional luxury resorts, beautiful beaches, fantastic food, and friendly locals. Some of the less-prominent islands are completely uninhabited, and designated as national park space. But each has its own character, rich history, and reason to visit. If you're feeling adventurous, we encourage you to explore.

HVAR, CROATIA

THE ISLE OF NATURAL BEAUTY

The ideal yachting region for over 2400 years, alongside Dubrovnik the historic city of Hvar is the most popular destination for boaters in Croatia.

The island of sunshine, beautiful beaches, great restaurants and peaceful coves. To put it simply, it is one of the most beautiful islands in the world. Except for the town of Hvar, Stari Grad has been a favourite destination for boaters for more than 2400 years. It can be said that the “Stari Grad”, as it is known among the locals, was the first sailing town in Croatia.

The reason for this is the bay which pierces the heart of the city like a spear. The bay, a few miles long, is one of the safest natural ports of the Adriatic. Its V shape offers protection from all the winds except for the north-western one, and it is specifically this wind that is responsible for the popularity that this bay enjoys among boaters. The mistral wind, which begins blowing sometime

before noon, becomes gradually stronger until sunset, when it dies down almost completely. It serves as a driving force for boaters, windsurfers and kite surfers. They are easily recognized by their wide smiles. The mistral is known as a pleasant summer wind, which blows with uniform speed and does not change its direction. It fits into the picture of Stari Grad perfectly, with its dreamy thousand-year-old houses.

For boaters renting some form of land transportation, we recommend driving to the top and enjoying the beautiful view of the Kabal shaped like a hand with five fingers. As if nature wanted to give itself a high five for this wonderful creation. The Stari Grad bay is full of places popular among boaters, and even more importantly, it offers safe anchoring.

Boaters will find it useful that a restaurant where they can relax is open during the summer. On your way to Stari Grad, after leaving Tiha, you will approach Zavala. This spacious and deep cove has an anchoring area, a restaurant is open there in the summer, and the position of the sun enables sunlight to shine into the cove late into the evening.

HVAR, CROATIA
THE ISLE OF NATURAL BEAUTY

The coves in the southern side of the Stari Grad nautical treasure chest are smaller and more intimate. The first one is Gračišće, which has a beautiful pebble beach and a small dock approachable with a dinghy. You can spend a day on the beach in the shade of a thick pine forest with the sounds of cicadas in the background. Maslinica is also noteworthy, as it is the only sand beach in the bay.

Most of the coves on the southern side are shaded in the afternoon, making them suitable for people who do not like spending too much time sunbathing. If you want to spend the night in the town itself, Stari Grad has many docking berths, and anchoring is possible in the centre of the bay. It will be especially interesting to boaters sailing with children.

Over the last several years, boaters have been flocking here, because there is more than enough room for everyone, and the port is full on stormy days. In such weather conditions, it is best to spend the day in one of the best natural covers on the Adriatic and wait for the weather to calm down.

CHARTER “KEYMA” IN GREECE

When renting a sailboat in Greece, you’ll have the choice to see the Aegean Sea on the eastern part, the Ionian Sea on the western shore, and the Sea of Crete and Mediterranean directly to the south.

Next year, why not charter a yacht like “KEYMA”, a Lagoon 46 catamaran based in Greece and explore all of the surroundings and the copious amounts of islands. Whether you want to charter a boat from Athens or from one of the famous islands, hire a motorboat, sailboat or catamaran from SAMBOAT as a bareboat or with skipper.

When renting a sailboat in Greece, you’ll have the choice to see the Aegean Sea on the eastern part, the Ionian Sea on the western shore, and the Sea of Crete and Mediterranean directly to the south.

Greece, located on the southern tip of the Balkan peninsula, has common borders with Albania on the northwest, Republic of Macedonia and Bulgaria directly to the north, and Turkey

on the furthest eastern point. The geographical diversity of where Greece stands is not just by land, but also by sea. Greece has always been considered a sailors paradise due to the perfect weather and the island hopping that is available. With several departure points, Greece has endless possibilities when it comes to exploring the sea, so the best way to see everything is to book a boat! Hire a boat in Skiathos and sail Athens or rent a boat in Lefkada and make your way to Corfu. It’s up to you!

Pricing and Information on hiring a boat in Greece

In Greece, the long stretches of coast give you several dimensions of sailing allowing you to have more options when it comes to where you’d like to rent. Greece has always been well known as having several popular ports spread widely around the country. The sailing season in Greece

SAMBOAT

is normally really standard starting in April and running into October. With tourist season, you will have to keep in mind that July and August will be the busiest months of the year.

Due to the difference in sailing areas, the price can vary depending on your project. In general, the highest prices for rentals start at the end of June and go into the end of August. During this high period, the pricing may be higher due to the demand and favourable weather conditions. On average, you can expect to pay on average 500€ a day for a catamaran charter in Greece and 400€ for a sailboat. For lower price points, boat rentals drop dramatically at the end of September. For motorboats, it is best to sort by the type of project you are interested in. Since Greece offers plenty of activities on motorboats, you will be able to find a boat on every budget. Usually, you can find motorboats starting at 150€ per day.

Boat Availability

For sailors globally, Greece has always been one of the top destinations for yacht charters and boat rentals. If you're looking for a weekly yacht charter in the Cyclades or one of the other popular ports like Athens, Lefkas, you will have to book the boat well in advance. On average, more than 50% of the charters for Greece are already booked by March and more than 75% by the beginning of May. At SamBoat, we advise that you define your project and book a boat as early as possible. In some instances, you can book closer to the date of departure depending on the port, but the inventory decreases.

For day boats, the functioning is a bit different. Usually, for motorboats rented for one day, the recommended time period to book is 2 to 3 months to ensure availability.

Do you need a license to charter a yacht in Greece?

Depending on what type of boat you would like to rent, there are different pieces of legislation for each. If you are looking to hire a motorboat, a license is required if the boat has more than 30hp, if less, no license is needed. If you would like to charter a yacht, you will need a valid license as well as a nautical CV detailing the previous boats you captained as well as the different waters you navigated.

If you are new to sailing or do not hold a license, you don't have to rent a bareboat. Most of the boats in Greece are available with skipper so this would be a perfect option for you.

Sailing areas in Greece

Yacht charter in Greece is popular with both experienced and novice sailors. Greece has areas with

specific sailing and sightseeing characteristics, here are the areas where you can go sailing in this beautiful and popular country.

Ionian Islands

The Ionian Islands are located in the western part of Greece and extend into the Peloponnese. There are seven main islands: Corfu, Zakynthos, Paxos, Kefalonia, Ithaca, Kythira and Lefkada. The climate is mild most of the year and during spring there can be light rainfall. These islands are ideal for all types of sailors, especially for beginners. The best bases for yacht charter are Corfu and Zakynthos.

The Sporades

The Sporades islands are located almost in the middle of the Aegean Sea. Each of the islands has characteristics and a nature that will amaze you. Skiathos is the most popular island and the most visited by young travellers thanks to its party atmosphere. The best time to charter a boat and sail is during spring and summer because of the warm weather. During the winter it can rain and caution is advised when sailing.

The Cyclades

The Cyclades group have 23 large islands spread out in a circle. They are the most popular group of islands in Greece, including Santorini and Mykonos. You can charter a boat near Fira and admire the cliffs from the sea. During July and August is Meltemi season, which means you'll encounter rain and light winds that will make your sailing

more interesting and a little tricky. Even so, each island is worth a visit to admire its beauty.

The Dodecanese

The Dodecanese islands lie between the Cyclades island and Turkey, southeast of Greece. Kos and Rhodes are the most popular islands of the group, famous for their medieval architecture. Charter a catamaran in Greece and enjoy the quiet beaches of the area. From April to September, the weather is pleasant, whereas the coldest and rainy month is January. The Dodecanese islands are ideal for all types of sailors.

Saronic Gulf and Hydra Gulf

The Gulf of Hydra lies between the Saronic Gulf and the Argolic Gulf. In these gulfs, you will find islands that are the most popular yacht charter areas in Greece, such as the island of Hydra. During spring and summer, the climate is dry and hot. In winter, temperatures drop, and there are strong winds and waves. It is advisable to have previous experience if you want to sail in these gulfs during the winter.

Overview of Greece

With turquoise, crystal clear water and the Mediterranean sun, nautical tourism is highly present all over Greece. Among the most prominent spots for nautical sports are Athens, Lefkada, Naxos, Kos, Skiathos and Rhodes just to name a few. If you're looking to explore as much as Greece as possible, we recommend renting a boat in Corfu and explor-

SAMBOAT

ing the Ionian Sea. The islands in Greece are filled with rich history and beauty and would provide an ideal escape. Sail to any of the islands and experience the unspoiled beauty that awaits.

A longstanding tradition of the country is its dedication to the culinary arts. Be sure to taste a wide variety of the Mediterranean cuisine including moussaka, pastitsio, a traditional greek salad with feta, or the most popular street food, souvlaki. The best way to sample the local cuisine is by going out for a mezethes, which are a local tradition of combining a social outing with a taste of the local culture. You'll pair the food perfectly with a retsina, an ouzo or a metaxa. There is no better way to end the outing than dropping anchor and watching a stunning Greek sunset. One of the best places to admire a perfect sunset and admire historic sites is dropping anchor on a boat rental in Rhodes.

Some of the most popular destinations in Greece are among the islands. A popular departure point for a boat rental is Zakynthos, a Greek island in the Ionian Sea. Zakynthos has some of the most beautiful beaches alongside the classic white-washed buildings and historic sites.

If you want some incredible sailing tips and insights about Greece, we invite you to visit our blog where you can find sailing itineraries in Greece. They are perfect if you want some inspiration before heading to your boating holidays in the Aegean sea.

Island Hopping in Greece

Greece was made for island hopping and it's definitely an unmissable adventure. With over 200 islands to choose from, it's not easy planning an itinerary to go from island to island. The choice of islands will depend on what port you arrive at and

this will help you begin the planning. The islands are divided into larger groups: Ionian, Argo-Saronic, Cyclades, Crete, Dodecanese, Sporades and the Aegean. All of these island groups are extremely popular and you can't go wrong with any of them! Rent a boat in Crete and go exploring the Cyclades, mix and match any itinerary, the sea is your limit!

Yachts, catamarans, power. Bareboat/skippered/crewed. Worldwide

BAREBOAT IN THE DODECANESE ISLANDS

Sailors flock to Greece for its sheer diversity with 10,000 miles of coast and thousands of islands split into distinct groups across the Aegean and Ionian Seas. Sailing in Greece is a popular choice because of the reliable, hot, Mediterranean climate and long sailing season that spans early spring to mid-autumn ...

The beautiful Dodecanese has longer passages and agreeable weather conditions, which make the south eastern Aegean Sea the perfect holiday destination for those seeking exhilarating sailing. Look beyond popular Rhodes and Kos and explore the other islands in the chain. Spend your time ashore relaxing on fine beaches, visiting medieval architecture and revel in the peaceful atmosphere.

DODECANESE HIGHLIGHTS

Rhodes

Home to one of the seven wonders of the ancient world, the Colossus of Rhodes, until it was destroyed by an earthquake in 226 BC.

LATESAIL

Simi

Visit the harbour with its backdrop of elegant buildings rising up the hillside.

Patmos

Voted one of Europe's most idyllic places to live, this island boasts the impressive Saint John Monastery surrounded by white-washed houses at Chora.

Nisyros

Known for its active volcano, visit Mandrak and try the almond-flavoured drink, Soumada.

Kos

Where Hippocrates, the father of medicine, was born and home to an ancient healing centre.

Kalymnos

The centre of Greek sponge diving and popular with rock climbers.

Tilos

A quiet island where you can enjoy fantastic beaches or explore the island's churches and deserted village Mikro Chorio.

Samos

Home to Pythagoras, after whom the harbour is named.

Leros

Becoming a renowned diving spot with ancient shipwrecks.

Haliki

Find wild beaches which haven't been developed and are free from crowds. .

A 7 DAY DODECANESE ISLANDS CHARTER

Day 1: Marina Mandraki, Rhodes.

Day 2: Sail to Simi (23nm), walk up the hillside among the sand-coloured, neo-classical houses at Gialos or visit the ruined Venetian castle near Kyra Panagia. For undeveloped beaches head to Panormitis beach, or, if you want sand, Nos has sunbeds and umbrellas.

Day 3: Head to Palos, Nisyros Island (32nm) with its active volcano that hasn't erupted in over 100 years. Try a Soumada, a non-alcoholic, almond-flavoured local drink. For sandy beaches head to Pali, Lies and Katsouni.

Day 4: Make for Kos Island (21nm), the birthplace of the father of medicine, Hippocrates. Kos is popular and there is a good reason for that – it has some wonderful beaches, including Mastichari with its white sands.

Day 5: Discover Tilos Island (35nm) with its churches, castles, deserted villages, and fine beaches. It's also a pioneering nature reserve, entirely powered by renewable energy.

Day 6: Sail onwards to Halki Island (4nm) and its rocky peak of Mount Maistros, nearly 600m above sea level. The surrounding inland areas provide spectacular walks and views in every direction.

Day 7: Return to Marina Mandraki (37nm).

A UNIQUE KIND OF HOLIDAY IN THE GREEK ISLANDS

Perfect for families, couples, friends and groups, a Sailing Holidays flotilla will provide a memory that lasts a lifetime. Sail in crystal clear waters, lunch in quiet bays, swim in the warm water, enjoy beautiful beaches, and then take in the ambiance of a Greek taverna in the evening ...

On a flotilla holiday you can enjoy the independence of sailing your own yacht, whilst appreciating the comfort and relaxation that comes from the support provided by the lead crew – and with all flights and transfers included, you're looked after from the moment you sit down on the plane. Our lead crews who accompany the flotilla offer unobtrusive backup, so you can concentrate on enjoying your time exploring one of the most beautiful sailing areas in the world.

With up to ten boats in the group there is a fantastic social aspect to flotillas that adults and children always enjoy, we can't count the number of lifelong friendships made on flotilla. If you feel like more time to yourself, you can sail to the next destination or find a quiet bay to have a swim, a bite to eat, or to just relax!

SAILING HOLIDAYS

FIND THE PERFECT YACHT FOR YOU

Our fleet of Beneteau yachts range in size from 32ft which are ideal for couples, to 35ft and 38ft boats that are perfect for families, right up to 45ft and 50ft yachts for larger groups.

All of our boats have been adapted over the years to suit the Greek Island sailing environment, with ease of sailing and quality of life in mind.

WHEN & WHERE WE SAIL

We have been offering sailing holidays in the Greek islands for 47 years and enjoy seeing familiar faces back on flotilla each year. The boat shows we take part in become like a reunion where crew and clients meet up.

From April to November, we offer a variety of 1, 2 and 3 week routes which take in the highlights of the Ionian, Saronic, and Sporades islands. Whether you're looking for fun and adventure, peace and relaxation, or a blend of all these, we have the flotilla holiday to suit you.

TYPICAL ITINERARY – 1 WEEK PAXOS FLOTILLA

Days 1 - 2, Join the flotilla in Plataria

Following a transfer from Preveza airport you will arrive in Plataria Harbour. Here you will meet your lead crew and home from home for the week (your yacht).

On the first morning there will be a thorough boat brief and a chat about where you are heading that day. There is a supermarket in the harbour for you to stock up on provisions before you head out for a lazy lunch at anchor...

Days 3 - 5, Sailing around Paxos Island

From Plataria you will wend your way south to the delightful villages of Lakka, Longos, Gaios and Mongonisi on Paxos Island.

The crystal clear emerald water of Lakka Bay is not to be missed for a lunch stop within a stones throw of Lakka Village - a favourite evening destination. Gaios is a traditional Greek town, with a number of tavernas to explore.

Mongonisi is a highlight for many - the only stop on Paxos without a village. Mongonisi's charm lies in the idyllic environment where you can swim off the back of your boat and Greek dance the night away. Emerald Bay on Anti-Paxos Island is perfect for a lazy lunch and swim.

For the more adventurous sailors, a sail down the west coast of Paxos, with its stunning cliffs, is a great way to spend an afternoon.

Days 5 - 6, Parga and Corfu Town

A mainland stop in the Greek Town of Parga should not be missed, with its long sandy beach, buzzing promenade and the unbeatable choice of evening entertainment. Simply moor the boat on stunning Valtos Beach and catch the ferry boat into town. A walk up to the citadel is also recommended.

The first or penultimate night stop is likely to be Sivota Mourtos where you can moor the yacht and spend an evening wandering the bustling promenade.

7 DAYS IN THE WHITSUNDAYS

Sailing through blue waters, snorkelling above gardens of coral and coastal views more beautiful than a postcard – it's all waiting for you in the Whitsundays ...

A cluster of islands located 55km (34mi) off the Queensland coast, the Whitsundays offer everything you'd expect from a tropical paradise; turquoise waters that meet swirling white sands, beautiful secluded beaches and world-class luxury accommodation.

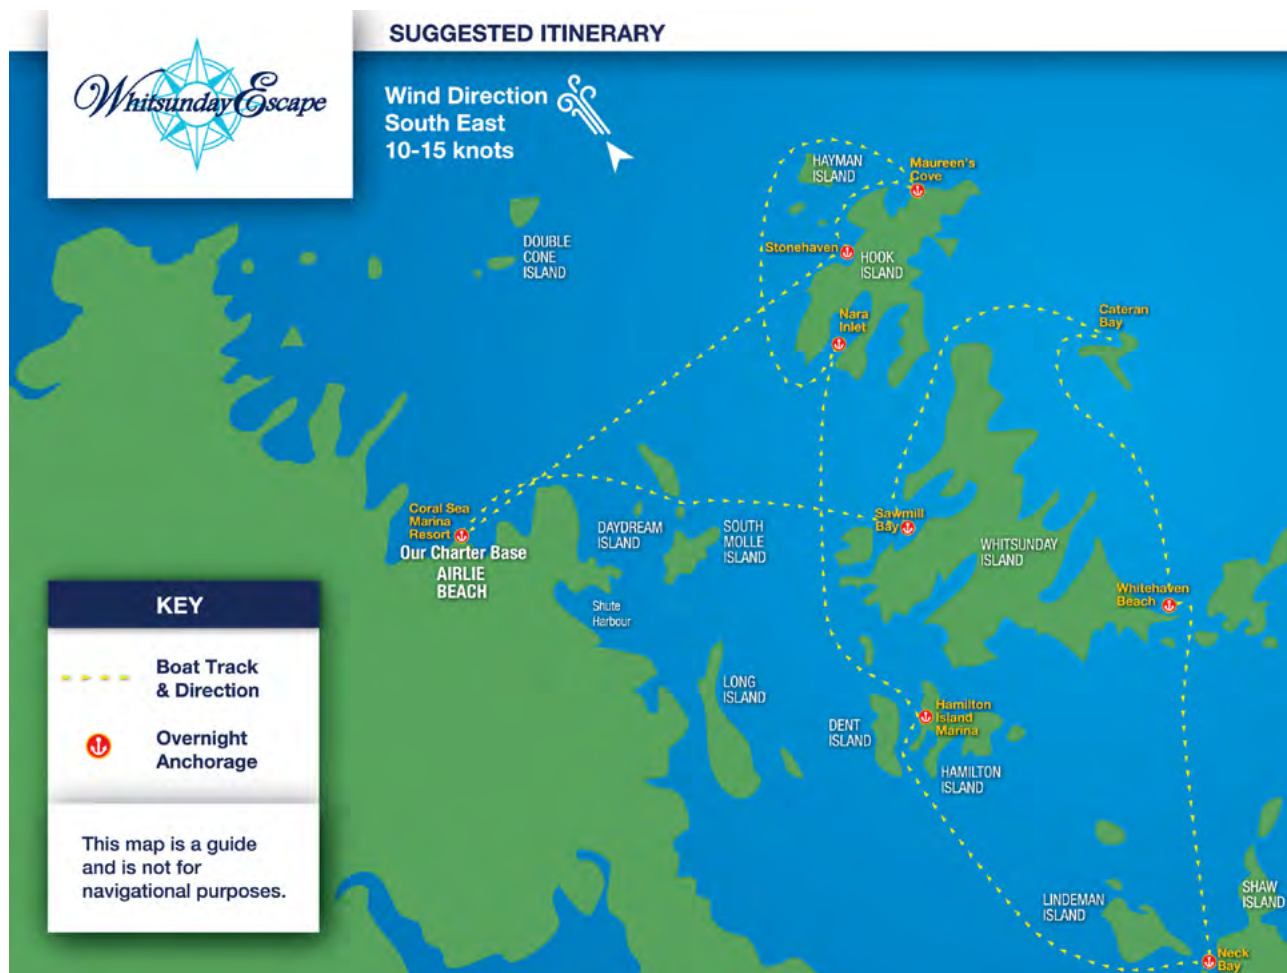

It's certainly relaxing, but that doesn't mean you won't find incredible adventure experiences. The proximity to the Great Barrier Reef means the Whitsundays are a mecca for sailing, diving and snorkelling, and there are plenty of opportunities to tick off some bucket-list worthy activities like swimming with turtles or flying over the famous Heart Reef.

One of the leading yacht charter companies in the Whitsundays, is Whitsunday Escape base, located at Coral Sea Marina in Airlie Beach, otherwise known as the 'gateway to the Whitsundays'.

If you choose to sleep aboard your vessel the night before your charter begins, you will be able to stock your vessel at one of the nearby supermarkets. Then enjoy dinner in Airlie Beach at one of the many restaurants.

Airlie Beach has dozens of things to do before or after your charter. Enjoy a swim in the lagoon, explore the many bushwalks, try kayaking and stand up paddling, experience the famous nightlife and take some adventure tours.

A 7-DAY WHITSUNDAY ITINERARY

DAY 1 - CID HARBOUR

Cid Harbour on Whitsunday Island is very popular as a first night anchorage for bareboat charters and private boats alike. Note: There is no swimming in Cid Harbour at any time. This calm anchorage has beaches to explore and two bushwalks: A short walk from Dugong Beach to Sawmill Bay. Whitsunday Peak – for experienced walkers only. Go right up to the top, the views are worth it (take water). Cid Harbour has quite a bit of history attached to it. During WW2 the Allied Navy ships anchored here prior to the battle of the Coral Sea.

DAY 2 - WHITEHAVEN BEACH

Whitehaven Beach is a must see on the itinerary of just about every traveller to the Whitsundays. It is one of the most famous beaches in the world and is constantly ranked as one of the best beaches by numerous sources, year after year. The beach stretches over 7km along Whitsunday Island and offers two bushwalks with fantastic views – Hill Inlet bushwalk (1.3km return) and Whitehaven to Chance Bay bushwalk (7.2km return).

DAY 3: NECK BAY

Neck Bay on Shaw Island is one of the most southerly anchorages within the Whitsunday Escape cruising area and is seldom visited. Explore the bush track that leads from one side of the island to the other. Neck Bay offers good fishing; swimming, beach walking & bird watching

DAY 4: HAMILTON ISLAND

Hamilton Island is the largest resort in the Whitsundays and is essentially a community of its own, on an island. For a small marina fee, you can berth in the marina overnight and make use of the resort facilities. Fabulous if you need to restock your vessel with food and drinks, or if you want to enjoy a restaurant meal and some pampering on land.

DAY 5: NARA INLET

Nara Inlet is a very protected anchorage on Hook Island that is popular with all boaties. A unique factor about Nara Inlet is the cave at the furthest end, where you will find Ngabo Aboriginal cultural

site. The bush track up to the cave is well-marked, gentle and accessible by people of all fitness levels. Interpretive signage along the way explains the significance of the site and the cave paintings.

DAY 6: BUTTERFLY BAY

Butterfly Bay is a local favourite for its excellent snorkeling and diving, protection from most wind conditions and namesake butterfly habitans found on the bay's beach at certain times of the year. Butterfly Bay is a Marine National Park Green Zone. As such it offers fabulous snorkelling, diving abundant marine life and wonderful bird life.

With its great protection from the south/south east winds and vast marine, butterfly and bird life, all easily accessible from the beach or off your boat, you may find yourself spending an extra night or two here to explore this diverse bay.

DAY 7: STONEHAVEN, HOOK ISLAND

Stonehaven is a beautiful anchorage popular with Whitsunday boaties due to its close proximity to some of the Whitsundays best snorkeling and diving spots.

EXPLORE THE BAHAMAS & EXUMAS WITH 'LADY JJ'

Available for charter in the Bahamas and Caribbean through Ocean Independence, Lady JJ is a spacious, pedigree luxury yacht built by Heesen shipyard ...

OCEAN INDEPENDENCE

One of the highest gross tonnage 55m super yachts in the charter market, LADY JJ offers impressive guest space and amenities.

Combining the perfect fit of luxury relaxation and action, this opulent 6 stateroom vessel more than comfortably accommodates up to 12 guests. A plethora of amenities at your fingertips for a truly luxurious holiday at sea. Full gym, Jacuzzi, sauna, endless toy list and five star service all within reach.

Offering ultimate luxury cruising for Bahamas and Caribbean itineraries, LADY JJ is an excellent option for adult groups and families alike.

OCEAN INDEPENDENCE

SPECIFICATIONS: LADY JJ

Length: 55m
 Year: 2012
 Builder: Heesen
 Staterooms: 6
 Guests: 12
 Cruising Speed: 13 knots
 Charter Rates: From USD 295,000 p/w

THE BAHAMAS & EXUMAS

Journey leisurely through azure waters to velvet sandy shores, explore coral reefs and swim with turtles, picnic on a deserted beach or simply enjoy a sundowner at sunset from the comfort of your yacht. Whether you seek adventure, total relaxation or something in between - The Bahamas is the perfect choice.

Head to The Exumas for kiteboarding, superb diving and iguana-laden sands, or for a more relaxed experience visit the laid-back harbourfront at Eleuthera. If pirate trails excite you, then Nassau is the place to go, whilst foodies should head to Smiths Point in Grand Bahama on a Wednesday night for the traditional 'Fry Fish' on the beach.

The vibrant underwater world across this coral-based archipelago hosts a myriad of amazing opportunities for inspired scuba diving and snorkelling, not to mention other aqua-based pursuits. Whether looking to explore the blue depths or enjoy the 'catch of the day' at a local beach café, this island-strewn archipelago will captivate you. History enthusiasts, party-goers or those in a quest for complete relaxation can be sure to find what they seek. Life is simply better when you are on island time.

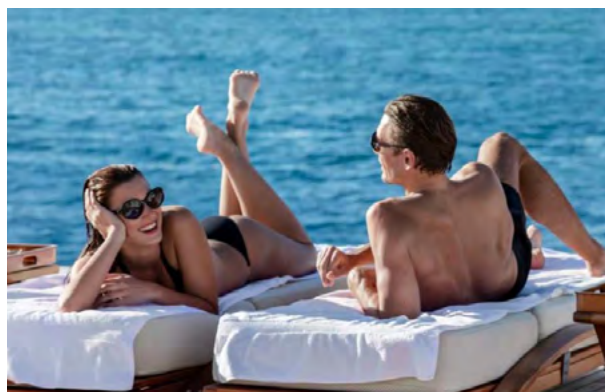

THE EXUMA CAYS

The Exuma Cays are one of the most coveted sailing destinations in the world, due to the beautiful cruising grounds they offer as well as numerous exclusive and private islands, designed with relaxation in mind.

Staniel Cay is perhaps best known as a gathering point for visiting yachts; the Yacht Club is a great lunch spot – order the cracked conch at the grill. Nearby Thunderball Grotto, made famous by James Bond, is an amazing place to snorkel in an intricate, sunlit cave system surrounded by colourful, exotic fish.

Discover iguana-clad shores at the Exuma Cays Land and Sea Park, where diverse marine life thrives, or activity-seekers can catch some wind in this kitesurfing nirvana. Norman's Cay, a charming coral atoll, offers wide powdery beaches and glittering turquoise water, while nearby Compass Cay is the area to swim with friendly nurse sharks, an entirely alternative experience awaits at Big Major Cay - swimming with the local pigs is a top attraction.

BAHAMAS & EXHUMAS - A 7-DAY CHARTER ITINERARY**DAYS 1 - 3:
NASSAU TO COMPASS CAY**

Cruise from Nassau to Compass Cay (approx. 70nm) where you can swim with the nurse sharks right in the marina or take a stroll down the quaint nature paths to the secluded beach on the other side. The walkway here is painted with colorful buoys and signage along the way giving you a true local feel. From here you can anchor off near Rocky Dundas Caves. These two caves are hidden inside a large rock with natural skylights at the top. In order to enter the cave you must swim into a shallow hole where you end up inside a cavern of stalactites and stalagmites. It is quite awe inspiring. With a mask, snorkel and fins, the sea life surrounding this rock is so colorful and it's shallow.

**DAYS 3-4:
COMPASS CAY TO STANIEL CAY**

On to Staniel Cay (10nm) where you can dock at the marina or anchor nearby in several well protected areas. With its handsome stone architecture, good food, and friendly bar, the small but intimate Yacht Club attracts adventurers from around the world. Next door at Sampson and Big Major is home to the native wild pigs which often swim a few yards out to greet you. A must see is "Thunderball Cave" where the fish eat right out of your hand. You may want to dine ashore at Royal Plantation Island at Fowl Cay a private resort island, which is run by ex-yachties.

**DAYS 4-5:
STANIEL CAY TO LITTLE BELLS CAY**

Cruise from Staniel Cay back north to Little Bells Cay / Cambridge Cay for the night (10nm). There is a hidden, shallow cut in between the long stretch of beach where no boat would venture as it does dry up at low tide. Enjoy a swim and let the current carry you through as if riding a small rapid. White sand and crystal blue water is the perfect canvas to see a few small sting rays swim by. A short hike up to the lookout will give you an amazing vantage point of the surrounding islands.

**DAYS 5-7:
LITTLE BELLS CAY TO HIGHBOURNE CAY**

Head from Little Bells to Highbourne Cay and Allan's Cay (approx. 20nm) to see the famous Iguanas roaming the beach and traverse through this jagged yet beautiful cut. You may opt for a short snorkel around the Norman's Cay sunken airplane which sits in shallow water not far from this northern spot in the Exuma chain. There is a marina at Highbourne or you can choose to anchor further down in a more protected location. Cruise back to Nassau from Highbourne and if time allows, a quick dip off of Rose Island.

CRUISE INDONESIA IN THE WAKE OF ALFRED WALLACE

Alfred Wallace was undoubtedly one of the greatest naturalists of all time. Not only did he jointly publish the theory of evolution by natural selection with Charles Darwin in 1858, but he made very many other major contributions to biology and to subjects as diverse as glaciology, astrobiology, anthropology, and epidemiology. He spent 8 years in the region and the book he wrote about his journey, *The Malay Archipelago; The Land of the Orang-utan and the Bird of Paradise*, is one of the most highly regarded scientific travelogues of the nineteenth century....

Explore the Spice and Raja Ampat islands as Wallace did, marvelling at the biodiversity and stunning beauty. Cruising aboard a 24-berth luxury crewed Pinisi and visiting several sites that were important to Wallace's discoveries. We will help you find diverse species on land, in the air and at sea including several species of the Bird of Paradise, Golden Birdwing Butterflies and numerous sea creatures. Plus local culture, primary rainforests, geology, conservation projects and relaxation of the highest order.

Accompanying the cruise are three experts. George Beccaloni an entomologist, evolutionary biologist and Wallace expert.

KRAKEN
TRAVEL

In partnership with

**New
Scientist**
**Discovery
Tours**

KRAKEN TRAVEL

George helped devise this itinerary, which has the highest and most authoritative Wallace content of any Indonesian tour, and visits key places that aren't on the itineraries of other tours.

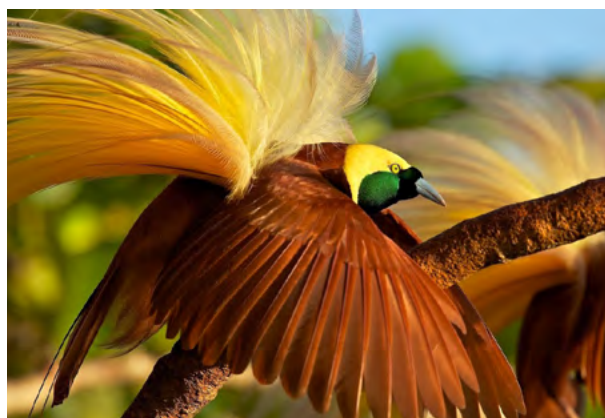

The two additional cruise directors, between them cover marine biology, ornithology, marine conservation charities, linguistics and Indonesian history. All three experts will join the daytime activities, sharing considerable insight into the region's history, the wildlife you will find and Wallace's adventures.

For every guest, we will make a contribution to the Wallace Correspondence Project, whose aims are to locate, digitise, catalogue, transcribe, interpret and publish the surviving correspondence and other manuscripts of this important 19th century scientist.

In partnership with New Scientist, this cruise is limited to 22 guests. 15 guests are required for this tour to run.

SAIL THE AEOLIAN ISLANDS WITH 'MALIZIA'

Next Year you could be enjoying a sailing cruise aboard a luxury Perini 25 m, being pampered by an extraordinary professional crew, and dining on sumptuous food provided by the outstanding Italian chef onboard your superyacht. ...

Whether you choose just 3-4 days to celebrate the New Year, or plan a 10-12 day holiday circumnavigating Sicily, and exploring the most beautiful sites of the island, it will be a truly memorable experience. There are a multitude of different ways to spend your time as well as feeling the thrill of sailing. You can enjoy hiking, archaeological tours, skiing on the volcanic Etna, and other unforgettable excursions. Or for more peaceful pastimes; wine tasting, street food experiences and cooking lessons are available.

For a short cruise, we suggest visiting the Aeolian Islands: each island with its own character and natural beauty, a unique experience in the Winter. Or you can sail between Palermo and Castellammare del Golfo, visiting the amazing Natural Area "Riserva dello Zingaro", Faraglioni di Scopello and the traditional tuna-fishing houses.

Sailing on the yacht MALIZIA affords you an unusual holiday program for couples and families who wish to avoid mass tourism and love custom-made vacations in the wild natural environment.

SUGGESTED 7-DAY ITINERARY

DAY 1:

Embark in Castellammare del Golfo
Lunch at Scopello's Faraglioni
Trekking at Zingaro Nature Reserve
Aperitifs, dinner and one night stay in San Vito Lo Capo

DAY 2:

Visit San Vito Lo Capo
Afternoon excursion to Segesta
Clients can choose from activities such as a quad bike excursion or natural thermal baths
Overnight in front of Macari

DAY 3:

Leaving Favignana
Visit Florio Tonnara
Overnight in Levanzo

DAY 4:

Lunch in Levanzo island and depart for Trapani
Afternoon excursion to Erice
Wine tasting at Cantine Florio or Cantine Donnafugata in Marsala
Overnight in Trapani

DAY 5:

Leave for Palermo
Stop for lunch near the Zingaro Nature Reserve
Aperitifs, dinner and overnight in Palermo

DAY 6:

Visit Palermo city
Wine tasting at Cantine Tasca d'Almerita
New Year's Eve in Palermo

DAY 7:

Various activities of the client's choice or relax on board
Visit Bagheria
Lunch or dinner at a starred restaurant in Bagheria

DAY 8:

Disembark in Cefalù

If you would like to enjoy this unique Sicilian experience, contact us for further info.

CHARTER 'CALA DI LUNA' IN THE BALEARIC ISLANDS

A luxury yacht charter in the Balearics is the perfect way to experience the beauty of Mallorca, Menorca, Ibiza and Formentera. Discover the mix of culture, landscape and nightlife onboard the Sunseeker Manhattan 72 'CALA DI LUNA', offered for charter through Silver Star Yachting ...

A vibrant social scene and spellbinding landscapes: the Balearic Islands are an ideal destination for partygoers and nature enthusiasts alike. Sun-kissed beaches and crystal clear waters, combined with some of the Mediterranean's most exclusive nightclubs make a Balearic yacht charter the perfect summer holiday.

While all four Balearic islands are located just a few kilometers off the Spanish coast and close to one another, each has a unique personality. What still combines them is their great weather all year round, beautiful beaches and their stunning coastlines.

BALEARIC YACHT CHARTER: MALLORCA

Mallorca is great to kick off your Balearic Islands yacht charter as it's easily reachable via Palma de Mallorca Airport. Here, take in the architectural sights of Palma as well as the local art scene.

SILVER STAR YACHTING

Many museums and expositions make this an ideal stop for you next yacht charter. Additionally, Mallorca and especially Palma feature some of the greatest bars and nightclubs in the balearics. Alternatively, enjoy a night onboard your charter yacht and have your chef prepare some freshly caught fish and seafood.

**MENORCA:
BIODIVERSITY & CRAFTSMANSHIP**

On Menorca, you will encounter some of the greatest nature the Balearic islands have to offer. Discover the biosphere reserve, a protected area focused on sustainability, balance, and environmental protection. Also famous is the "Made in Menorca" initiative, which promotes century-old craftsmanship techniques in modern-day culture. Finally, don't miss out on the stunning beaches this Balearic island has to offer. Beyond swimming, the clear waters are ideal for all snorkelers and scuba-divers alike.

**PARTY ON IBIZA
ON A BALEARIC YACHT CHARTER**

Ibiza features some of the Mediterranean's most exclusive nightlife. Probably most famous is Pacha, Ibiza's oldest nightclub. Come here and mingle with the international jetset to the tunes of internationally renowned DJs. For those looking for a more relaxed holiday, Ibiza also offers a very intimate vibe during the day, with picturesque old-towns and stunning landscapes. Like all Balearic islands, Ibiza also boasts some of the best beaches in all of Europe and is inviting charter guests to indulge in all kinds of watersports.

**FORMENTERA:
CARIBBEAN VIBES IN THE BALEARICS**

Formentera is an absolute must-hit on any Balearic Islands yacht charter. By far the smallest of the four islands, Formentera is also the most untouched one. The Caribbean-like inlets, picturesque lighthouses and the Ses Salines Natural Park, preserving the island's rich biodiversity, are just some of the highlights when going to Formentera.

**MALLORCA, MENORCA, IBIZA, AND
FORMENTERA ON A LUXURY YACHT
CHARTER IN THE BALEARICS**

The best part about discovering the Balearic islands on a private yacht charter is that guests don't have to choose between islands. Start planning your private yacht charter in the Balearics today to get the best mix of nature, culture, nightlife and memorable sunsets.

**CALA DI LUNA:
SUNSEEKER MANHATTAN 72**

CALA DI LUNA is probably one of the most versatile yachts in the Balearic islands; she blends comfort, speed and amazing amenities all into one. 2 decks built and finished with exquisite materials, which along with a superb distribution make "Cala di Luna" unique.

She has four very well equipped double cabins all with en-suite facilities and is able to sleep up to 8 guests during night while 12 guests can be on board during the day. It is worth highlighting the flybridge refit, including a wet-bar personalised with teppanyaki grill, two ice-makers and a bigger dining area, conformed by a wonderful sofa and a huge table, aimed to comfortably seat 12 people, to enjoy tasteful meals while socialising, both during night and day; especially, when using the top hydraulic Bimini, equipped with LED lights.

Other remarkable features are: Fin stabilisers that provide further comfort, both at anchor and

cruising. Two wide solariums, one in the flybridge and another one in the bow, with adjustable backrests. A hydraulic platform, which among other benefits improves elder people's access to the yacht after a refreshing swim. Cala di Luna is based in Ibiza and available for Charter in the Balearic Islands.

'SURI' IN THE SOUTH PACIFIC

A luxury yacht charter onboard the 208' 'SURI' in the South Pacific offers a magical experience unlike any other on Earth ...

Enjoy exceptional diving and snorkelling, out-of-this-world surfing and incredible hiking through tropical rainforests. Or simply use the tranquillity of a South Pacific yacht charter as an opportunity to relax and rejuvenate.

The South Pacific includes the island groups of Polynesia and Melanesia, which are spread out across thousands of miles and are best explored on a longer yacht charter experience.

Due to the lack of marina infrastructure and the sheer size of the South Pacific, renting an expedition or explorer yacht in the South Pacific is a fantastic way to discover the wonders of this unique region from the comforts of a luxury superyacht, surpassing any land-based experiences that bring with them logistical complications.

Instead, have the captain hoist the anchor and set sail for a once-in-a-lifetime tour of these remote and eye-opening natural wonders of the South Pacific.

'SURI'

The 208' (63.39m) SuRi is an adventure yacht of substantial luxury, featuring many more amenities and space than the average explorer yacht of her length and type. SuRi is a superyacht for charter

YACHT ZOO

with expansive deck spaces and a voluminous interior styled to nautical perfection.

With generous accommodation for up to 12 guests in 7 staterooms, she is contemporarily styled to please.

YACHT FEATURES:

- * A plethora of toys both large and small: from fishing equipment to aerial toys including a helicopter with a commercially certified helipad
- * One of the most unique and awe-inspiring interior layouts with immense open areas as well as intimate conversation nooks
- * Truly an expedition yacht focused mainly on exotic "off the beaten track" destinations
- * A full-time crew of 22 energetic and knowledgeable professionals trained to make each trip more memorable than the last
- * A spectacular observation lounge with glass bottom floor

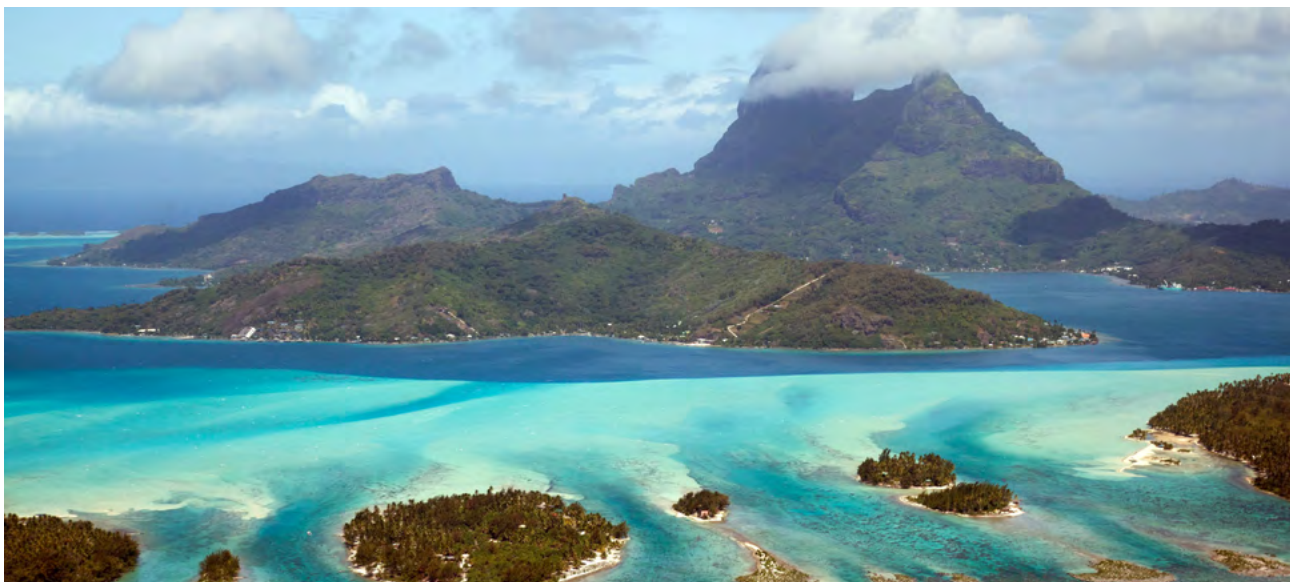

'SuRi' charters from US\$350,000 per week.

SOMNIO COMMISSION THE WORLD'S LARGEST SUPERYACHT (222M LOA) WITH 39 EXCLUSIVE RESIDENCES

For those amongst us who dare to dream, an audacious reality has just arrived! Somnio has been hailed as the world's first "Yacht Liner" and will be delivered by specialist Norwegian shipyard, VARD, in mid 2024.

Destined to be classified as the largest superyacht in the world and designed to stand the test of time as one of the most beautiful yachts ever built, Somnio has just 39 luxuriously spacious apartments onboard and will sail with an intimate community on an ever-changing global itinerary.

Somnio was conceived to provide all the benefits of superyacht ownership with Owners sharing the experience of the seas less travelled.

THE MOST EXCLUSIVE ADDRESS IN THE WORLD

The first, official interior renderings from the 222-metre superyacht Somnio have been unveiled. Owners of the 39 customisable apartments on board will have the chance to work with either Winch Design, Tillberg Design of Sweden or Luttenberger Design on their own individual design brief from purchase.

Embracing nautical glamour, Somnio will be finished to the highest possible standards commensurate with the world's finest yachts, with

the additional benefits of amenities only found in the most exclusive hotels, resorts or private clubs. The apartments will be designed to emulate great finesse with a sense of home and a touch of luxury, allowing Owners to embrace their new home at sea.

Owners will work with either Winch Design, Tillberg Design of Sweden or Luttenberger Design for up to three months to decide the room configurations and select the materials, furniture, lighting and artwork, ensuring a truly tailored solution. The design houses will also assist in sourcing elements such as cutlery, towels and bedding to dress the apartment. In addition to choosing between the three expert design teams, Somnio's Owners will also be able to bring in their own interior decorator to support the process.

The pioneering project, with a build, design and outfitting cost of approximately 500 million Euros, will boast a range of apartment sizes across six decks. This will start at 182m² of total space

(148m² interior and 34m² of veranda), going up to 963m² (602m² interior and 361m² of terrace), with the superyacht's largest apartment expanding over almost the entire top deck. Bespoke features and layouts will depend on the owner's selection but may include a personal kitchen, a gym, a library, inside/outside dining spaces and distinct dressing areas and a vast living room space with 270 degree forward views.

Sustainability is a key focus for Somnio, which is being built with the latest clean engine technology, and this will be reflected within the yacht's design. Where possible, the designers will select the right materials and products to create environmentally responsible interior design with a reduced impact.

THE WORLD'S MOST SPECTACULAR TALL SHIPS

Star Clippers operates three of the world's largest and tallest sailing vessels. Visiting intimate ports often untouched by larger cruise ships and offering passengers the activities, amenities and atmosphere of a private yacht, Star Clippers is recognised as one of the premier speciality cruise lines ...

In contrast to the historical feel of the ships, the facilities on board are as modern and stylish as ever. Along with high standards of service provided by an attentive crew, all three ships have expansive teak decks, swimming pools, informal dining, a convivial Tropical Bar and a comfortable piano bar.

There are different categories of staterooms, all of which are equipped with en-suites, televisions, phones, DVD players, hair-dryers and a safe, and some cabins also have their own private veranda or open straight onto the deck. Along with these personal facilities, there's plenty more in terms of public areas available to all passengers. Royal Clipper even has an observation lounge to enjoy the passing scenery.

THE STAR CLIPPERS EXPERIENCE

The gentle lapping of waves against a wind-driven hull. A pod of dolphins playing in the curling bow wave. A salute to a propitious marriage, the wedding of a splendid cruise holiday with the romance of sailing aboard a true tall ship. It is the unique combination of sailing tradition and pampered relaxation that is the essence of Star Clippers. For within the setting of a magnificently evocative Tall ship is a world for those who seek an authentic sailing adventure without sacrificing creature comforts.

These graceful ships fly along the waves, just like the legendary clippers of a century and a half ago. And this is as much an adventure in highly evolved relaxation as it is in tradition. Step aboard one of

STAR CLIPPERS

Star Clippers' three tall ships, Royal Clipper, Star Clipper and Star Flyer, for a voyage to remember. These ships are a shining example to other ships of their kind, cutting through the water with all the grace of a bird in full flight.

The perfect balance of maritime nostalgia and modern cruising, passengers are invited to help raise the sails, learn how to tie a knot and can visit the open bridge any time they please. The more adventurous can go so far as to lie in the bowsprit net suspended above the rushing sea or climb the mast to the Crow's Nest for stunning panoramic views as they sail.

Local performers, folk groups or musicians are invited on board from certain ports to liven up the evenings - and our crew members are always ready to entertain with games and nautical activities. Otherwise, there are no rigid schedules and passengers are free to do as they wish with their days and evenings.

DESTINATIONS

Destinations are far and wide and include summers sailing throughout both Eastern and Western Mediterranean, making their way across the Atlantic to continue into the winter season in St. Maarten, Barbados and more recently, Costa Rica.

UNIQUE FEATURES

- ▶ **Water Sports** - several different water-related activities are complimentary on board, such as kayaking, windsurfing, snorkelling and swimming.
- ▶ **Get Involved** - Passengers can get involved with sailing the ship, climbing the crew's nest and pulling the ropes.
- ▶ **Delightful Cuisine** - Our inspired chefs make dining aboard a delightful culinary adventure with an international menu of foods from corners of the Earth.
- ▶ **Unrivalled Service** - on board, guests will experience a 2:1 guest-to-crew ratio.
- ▶ **Extensive Range Of Destinations** - including the Caribbean, Central America, the Mediterranean and Ocean Crossings. 'Bucket list sailings include The Panama Canal, Suez Canal and The Monaco Grand Prix.
- ▶ **Intimate Experience** - Royal Clipper, the largest and only five-masted full-rigged sailing ship carries just 227 guests. Sister ships Star Clipper & Star Flyer carry 166 guests each.
- ▶ **True Sailing** - Star Clippers offers an authentic, natural sailing experience with both modern propulsion methods and traditional sailing. Star Clippers has been pioneering the way in tall ship sailing for over 30 years.

STAR CLIPPERS NEW 'CAPTAIN'S COLLECTION'

Date: 19 November 2022
By: STAR CLIPPERS,
Type: Cruise Ship
Location: All

[FIND OUT MORE](#)

Star Clippers unveils new Captain's Collection programme to meet demand from customers for 'bucket-list opportunities'.

The tall ship cruise company has launched a collection of bespoke, high-value packages with added luxury elements to fulfil the desire from customers to experience unique and elevated once-in-a-lifetime holidays.

Captain's Collection offers unique, handpicked packages featuring Category 1 Deluxe Deck cabins at a minimum, 5* hotel stays and upgraded flights. Packages featured include a 16-night St Maarten getaway in March 2024, which includes a 7-night sailing in a Category 1 cabin, return Premium Economy flights and pre and post-cruise stays in a Deluxe Ocean View room at Belmond's La Samanna, St Martin (from £10,399pp). Guests can also enjoy once-in-a-lifetime experiences with elevated opportunities in Costa Rica, Barbados and the Mediterranean from December 2023 to October 2024.

General Manager of Star Clippers' UK GSA, Fay McCormack, stated: 'The appetite from our customers for sailings with added value and luxury elements has increased since travel restrictions were lifted. We all appreciate the importance of experiencing unforgettable moments and seizing the day more than ever, and we want to be able to fulfil this for our customers; thus Captain's Collection was born.'

The bespoke Captain's Collection brochure will be door-stopping at selected past-passenger addresses this week. All packages are bookable on Star Clippers' Reservations line - 0845 200 6145.

EXPLORE THE EXTRAORDINARY WITH EMERALD CRUISES

**Explore the world's most stunning coastlines on an
Emerald Cruises luxury yacht ...**

Let the ocean breeze and seasonal sunshine envelope your mind, body, and soul as they provide the backdrop on board an Emerald Cruises luxury yacht. Our yachts offer the perfect venue for a luxury yacht cruise. Take advantage of contemporary surrounds and a wealth of space on board, as well as a suite of generous inclusions such as on board meals, complimentary wine, beer, and soft drinks to accompany lunch and dinner, gratuities, and more.

OUR LUXURY YACHTS

Emerald Azzurra and Emerald Sakara showcase our small ship expertise, boasting contemporary interiors and all the amenities of a world-class hotel. With Emerald Azzurra having launched in March

2022 and Emerald Sakara launching in the summer of 2023, Emerald Cruises is redefining ocean cruising. At an impressive 110 metres in length, and with a capacity for just 100 passengers on board, guests will enjoy the spacious surrounds. With a crew of 72, you'll notice how our measured guest numbers ensure your needs are always catered to. With a unique ability to dock in some of the world's smaller ports that larger vessels simply can't reach, guests will experience intimate exploration in each destination they visit. And the on board experience is just as special, with a number of public spaces to discover.

EMERALD CRUISES

WINE & DINE

No yacht cruise is complete without exemplary on board dining, and that's exactly what you'll experience on an Emerald Cruises yacht. Our expert chefs thoughtfully craft menus throughout the day. Delectable breakfasts and lunches are par for the course at La Cucina Dining, and à la carte dining delights in the evening, with meals taking inspiration from local flavours. Light bites, such as flatbreads and gelato, are not to be missed at the Aqua Café. No meal is complete without something to quench the thirst, and guests will enjoy complimentary wines, beers, and soft drinks with lunch and dinner. For a more expert tippie, we offer various drinks packages to be enjoyed in our on board bars and lounges.

WELLNESS AT SEA

Unwind and keep active in our on board Elements Spa and Wellness Centre. Indulgent spa treatments, such as massages, facials, and hair styling, are available at an extra cost, and our innovative infrared sauna is the best spot on board to replenish. If looking to keep up with their fitness routine, guests will find a well-equipped gym featuring the latest equipment, and our on board fitness and wellness coaches lead exercise classes, as well as yoga sessions under the sun.

RETREAT

Each one of our suites and staterooms is uniquely designed to become your own private sanctuary. Unwind in the modern surrounds of your spacious cabin, enjoying a collection of luxurious amenities. With 88% of cabins on board boasting a private balcony or terrace, you can enjoy unspoilt views as you sail into picturesque ports and harbours.

EXTRA-CURRICULAR ACTIVITIES

There's always time to indulge in some fun, whether that's taking a refreshing dip, heading on a bike ride, or enjoying some water sports. Our yachts each boast two on board pools—the infinity-style Aqua pool, perfect for completing your laps with the ultimate ocean backdrop, and the Spa Pool, the ideal spot for relaxing under the sun. You will have the opportunity to explore onshore with our Gocycle electric bicycles, which are smooth, comfortable, and quiet. And making our yachts truly special is the Marina Platform. On selected days, your captain will drop anchor and you will have the opportunity to enjoy swim stops, taking advantage of snorkelling equipment, stand-up paddleboards, SEABOB water scooters, and much more.

EmeraldDISCOVERY

Our Emerald**DISCOVERY** programme of excursions and experiences adds an extra layer to your luxury yacht cruise. Dig deeper and discover the destinations you'll sail to from a new perspective, with guided tours, experiences with locals, and active excursions.

Uncover our itineraries throughout the Mediterranean & Adriatic Sea, the Red Sea and the Middle East, the Caribbean & Central America, and the iconic Transatlantic voyage, or charter our yachts for any event, be that group travel, a conference, or celebrating a special occasion. Emerald Cruises provides a unique and memorable cruising experience, no matter the occasion.

EUROPA 2 - THE COMFORT OF AN EXCLUSIVE RESORT WITH THE FLEXIBILITY OF A YACHT

**Awarded the best cruise ship in the world by Berlitz
Cruise Guide 2020, EUROPA 2 may be smaller than
other cruise ships, but it is miles ahead of the crowd ...**

With the unrivalled freedom for personal relaxation – and plenty of scope for fresh ideas, indulgence and inspiring perspectives. A cruise experience that is setting global benchmarks for luxury cruises and will fulfil your very personal notions of luxury. Look forward to the legendary familiarity of a multi-language speaking crew who, with a crew-to-guest ratio of almost one-to-one, will attend to your individual wishes. Perfect hospitality, down to the very last detail.

Enjoy smart casual travel and a discerning lifestyle in a modern, relaxed atmosphere on the EUROPA 2 – with no formal attire, fixed mealtimes or traditional seating plans in the restaurants on board the best cruise ship in the world according to the Berlitz Cruise Guide 2020. Guests can look forward to individually tailored service and an outstanding amount of space and freedom – with

an exceptionally luxurious, almost one-to-one ratio of crew to passengers. The EUROPA 2 combines the comfort of an exclusive resort with the flexibility of a yacht that can also visit small harbours and places off the beaten track. And thanks to the wide variety of cruises, you now have new options for discovering unforgettable destinations.

OUR ROUTES IN 2023-2024

Discover legendary hotspots, sophisticated harbours, spectacular nature and sun-drenched coastal landscapes. Experience the world's most dreamlike aspects on the new EUROPA 2 routes.

LIVING SUITE DREAMS

In the middle of the ocean - yet still at home. The EUROPA 2 suites are modern and stylish retreats in which to enjoy private moments. Suites up to 114 m² (1,227 ft²) in size are available – naturally with their own veranda and a wonderful ocean view.

RESTAURANTS & BARS

Delicious diversity in elegant surroundings. With an eye for detail, the EUROPA 2 chefs are constantly opening up new culinary horizons. They also offer a fine selection of artfully presented dishes at the highest level for those who prefer vegetarian cuisine. Enjoy modern creations or timeless classics with flexible mealtimes and no fixed seating plans in our seven gourmet restaurants.

RELAXATION & FITNESS - THE OCEAN SPA

Utmost relaxation and sporty workouts. The spa and fitness area of the EUROPA 2 is 1,000 m² (10,764 ft²) in size and has plenty of space for a modern fitness studio, saunas as well as professional cosmetic treatments and massages. More importantly, it has the luxury of plenty of space where you can breathe deeply and let go. This makes it the perfect place to find yourself.

ENTERTAINMENT - IT'S SHOW TIME

When was the last time you were enchanted? Raise the curtain! Enjoy unforgettable events and spectacular shows featuring famous artists and stars on board the EUROPA 2. Great comedy, music from classical to pop, and exciting presentations and talks - and always first class.

ASHORE - A TOTAL EXPERIENCE

Discover freedom that takes you places ashore as well. Discover fantastic natural paradises, futuristic buildings and impressive cultural monuments or simply find some time for yourself. The personal recommendations of the travel concierge and guided shore activities offer you a myriad of different opportunities.

CRUISES

Luxury Cruises and Expeditions

THE FJORDS & GLACIERS OF SPITZBERGEN WITH PONANT CRUISES

Somewhere in the High Arctic, between 76 and 80 degrees latitude North, Spitsbergen, meaning “pointed mountains”, awaits you for seven days of unforgettable travel looking out for wild life, on board Ponant Cruises’ luxury cruise ship L’AUSTRAL ...

You will lift the anchor in Longyearbyen, where colourful wooden homes dot the landscape with a human presence that will certainly be the last you see for a while.

The sea rolls on, and the white-striped mountains, which gave the region its name, rise up from deeply tinted waters. The polar light combines with the changing weather of the Arctic, a big blue sky, the horizon scattered with clouds, the enveloping mist erasing the border between the land and the sea: these variations all provide the magical, almost surreal, setting with new nuances.

The ship is escorted by Arctic fulmars. The first ice appears; still discreet, it seems to be dancing around you. At the end of a fjord, you will find yourself before an immense glacier. Black-legged

PONANT CRUISES

kittiwakes share an iceberg, while Arctic terns fly over the area. Aboard the ship or a Zodiac dinghy, you will admire the power of nature while becoming aware of its fragility. The music of the thaw has begun its soft melody: a combination of cracking, roaring, murmuring and fizzing defies the silence of the polar desert.

On land, you will set foot on malleable earth, known as moraine. Only moss, lichen and a few rare flowers have managed to adapt and to take hold here, forming the tundra. On these inhospitable lands, Svalbard reindeer and Arctic foxes coexist with walrus, lying on the beach. It has been a long time since the Pomor settlers, of which traces remain, came to hunt them.

Here, the lord of the Arctic, the polar bear, is never very far away. The crucial aspects of this cruise involve searching and keeping an eye out. On board, the team of naturalists will scan the horizon so they can provide you with marvellous sightings of wildlife and, in particular, the polar bear. The region's elusive fauna upholds its mysteries while the uncertain nature of the encounter bestows an indescribable magic upon it.

OCEANIA CRUISES

33-DAY GRAND VOYAGE FOR AUTUMN 2023

Oceania Cruises, the world's leading culinary- and destination-focused cruise line, announced a brand-new immersive Grand Voyage itinerary for 2023. Now on sale, the Mediterranean Connection sailing on Marina will embark on a 33-day journey from Venice to Barcelona, immersing guests in the highlights of the Eastern Mediterranean and Holy Lands like never before ...

Departing on October 11, 2023, this Grand Voyage will call on 28 ports, not repeating one throughout the journey, and will offer three shorter segment options up to 12 days long.

“With demand continuing to increase for longer and more destination-immersive voyages, we are thrilled to reveal this new itinerary offering experiences in both iconic and off-the-beaten-path ports of call in a corner of the world with rich history and cultural wonders,” stated Howard Sherman, President and CEO of Oceania Cruises.

This Grand Voyage is ideal for time-rich travellers to enjoy special luxuries available on board. Ranging from a state-of-the-art cooking school teaching the flavours of the region to private dining at Privée offering the ultimate exclusive dining experience, there are endless selections for guests to indulge in. This special Grand Voyage itinerary was designed for the intrepid explorer, enamoured by the celebration of history, culture, and cuisine in myriad mesmerising destinations. During this expedition, Marina will call on Italy, Croatia, Greece, Turkey, Malta, Israel, Egypt and more.

**MEDITERRANEAN CONNECTION:
GRAND VOYAGE - 33 DAYS ABOARD MARINA
OCTOBER 11, 2023 – NOVEMBER 13, 2023**

Set sail for just over a month aboard the 1,238-guest Marina to delight in an array of brilliant discoveries throughout the Eastern Mediterranean.

From Venice, this voyage takes guests through iconic marquee ports and hidden gem destinations across the Mediterranean with a truly unique itinerary featuring sought-after culinary experiences in soul-stirring Italian locales, an intriguing blend of history and culture throughout the Greek Isles and a comprehensive journey through the sacred sites of the Holy Lands.

MEDITERRANEAN CONNECTION GRAND VOYAGE HIGHLIGHTS

- ▶ With no repeat ports of call, explore 28 diverse ports ranging from iconic cities to off-the-beaten-path destinations
- ▶ Embarking in fall 2023, experience all that the Eastern Mediterranean has to offer with a more temperate climate and fewer crowds
- ▶ Explorations of 10 legendary countries, easily connecting diverse corners of the region
- ▶ An overnight in Istanbul offering guests ample time for in-depth exploration of the magnificent city astride two continents

SILVERSEA® BROADENS POLAR OFFERING WITH SILVER ENDEAVOUR

Silversea's newest expedition ship, 'Silver Endeavour', is set to broaden ultra-luxury travel's most diverse polar offering by accessing more than 125 of the world's most remote, extreme destinations through summer 2024 and winter 2024/2025. ...

Silversea has unveiled 27 new voyages aboard the world's most luxurious expedition ship, departing between April 2024 and February 2025, which incorporate additional calls to Antarctica and the Arctic, as well as the British Isles and Iceland.

"Thanks to her strong ice capabilities, Silver Endeavour will undertake 27 voyages to some of the most remote destinations across Antarctica, the Arctic, the British Isles, and Iceland between April 2024 and February 2025," says Conrad Combrink, SVP Expeditions, Destination and Itinerary Management, Silversea Cruises. "As well as strengthening Silversea's position as the leading ultra-luxury and expedition cruise line, Silver Endeavour's new 2024/2025 voyages

will broaden the industry's most diverse polar offering, as the ship ventures off the beaten track to offer Silversea's guests the complete expedition experience. Travellers will enjoy seamless connections, complete comfort, and unparalleled service from the start of their journeys to the end—facilitated by Silversea's unique partnerships, wealth of research, and destination expertise."

OFF THE BEATEN TRACK: 27 NEW VOYAGES TO MORE THAN 125 DESTINATIONS

Enhancing the luxury of choice for Silversea's guests, Silver Endeavour's 27 new voyages for summer 2024 and winter 2024/2025 feature a varied array of departures, itineraries, and voyage lengths, with sailings ranging from six to 21 days.

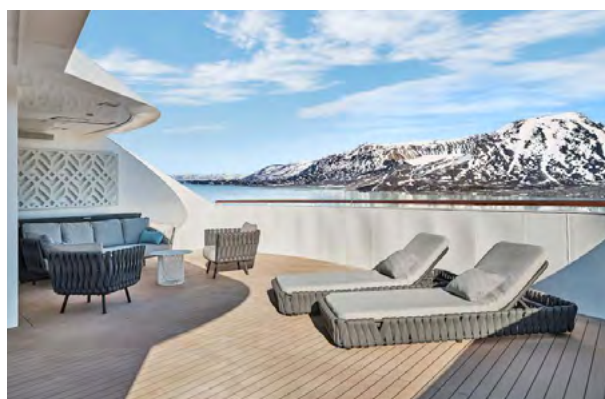

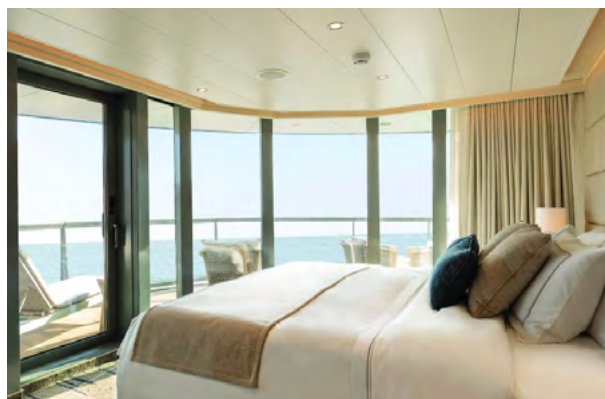

The new voyage collection includes:

4 VOYAGES TO THE BRITISH ISLES & ICELAND

In spring 2024, Silver Endeavour will offer a set of voyages that explore the best of the British Isles and Iceland, including two new 14-day itineraries that will unlock the rugged coastlines, wildlife-rich islands, fascinating cultures, and historic sites of interest between London (Greenwich) and Edinburgh (Leith). Silver Endeavour will then set her course for the land of fire and ice—via Guernsey, the Isles of Scilly, the Isle of Man, the Hebrides, and the Isle of Skye, among other spectacular destinations—before venturing on to the Arctic from June 1, 2024.

9 VOYAGES TO THE ARCTIC

Departing Reykjavik on June 1, Silver Endeavour will undertake nine voyages to the Arctic throughout the summer season, offering a variety of sailings between 10 and 16 days in length. Providing travellers the chance to experience the great diversity of the region during an extended sailing, several voyages can be combined for a total of 67 days of exploration between July 15 and September 19. The extended itinerary, between Churchill (Manitoba) and Reykjavik, will incorporate immersive explorations of Greenland and the Canadian High Arctic. Standout experiences of Silver Endeavour's 2024 Arctic voyages include calls to Hudson Bay and Baffin Island; a voyage to experience the best of the Northwest Passage in just 10 days; a journey to Greenland's spectacular Disko Bay, including an exploration of the UNESCO-listed Ilulissat Icefjord; and an exploration of the Northeast Greenland National Park.

14 VOYAGES TO ANTARCTICA

Silver Endeavour will return to Antarctica from October 29, 2024, undertaking 14 voyages to the White Continent, with sailings ranging from six to 21 days. Time-pushed travellers can take advantage of Silversea's Antarctica Bridge offering, flying directly into the continent on European business-class flights to discover the Antarctic Peninsula over just six days. A 15-day sailing from King George Island to Puerto Williams will appeal to those with an interest in travelling deeper. Departing January 6, 2025, the immersive voyage will call in various destinations throughout the Antarctic Peninsula, the Falkland Islands, and South Georgia.

A SEAMLESS JOURNEY

As part of the industry's most comprehensive all-inclusive polar offering, Silversea's guests enjoy a seamless journey on all expeditions. Through years of development and close partnerships with local communities, the cruise line has created a luxurious end-to-end experience that provides an unprecedented level of comfort and convenience. All Silversea expeditions include a bespoke journey to and from the ship, with an optimised schedule, private charter flights when embarking/

disembarking in remote turnaround ports, transfers, and hotel nights pre- and post-cruise.

SILVER ENDEAVOUR: THE WORLD'S MOST LUXURIOUS EXPEDITION SHIP

Built to PC6 polar class specifications, Silver Endeavour is designed for polar exploration, equipped to journey to the world's most remote destinations. She carries state-of-the-art amenities, with an industry-leading Zodiac-to-guest ratio; kayaks; and cutting-edge navigation and exploration technology, including a remote gimbal camera system, which can capture high-quality images from 5km, among other amenities. Accommodating just 200 guests, the 20,449-GRT ship maintains Silversea's trademark level of comfort, with a crew-to-guest ratio of approximately 1:1 and the cruise line's hallmarks of luxury. As well as butler service for every suite, guests enjoy the highest space-to-guest ratio in expedition cruising, some of the industry's most spacious all-balcony suites, and a range of elegant public spaces and restaurants—set over eight decks.

SOUTH AMERICA & THE ANTARCTIC

Balmoral takes you on an epic circumnavigation – and in-depth exploration of – South America, combined with an unforgettable venture to the rugged, icy wilderness of the Antarctic peninsula. ...

On this 78-night voyage, discover some of the most fascinating, rarely seen parts of the world and experience their wonders, plus take in iconic landmarks, ancient sites, idyllic beaches and much more.

Named after the Scottish residence of the British Royal Family, Balmoral is small compared to other cruise ships and features just 710 guest cabins. Thanks to her smaller size, she is able to navigate some of Europe's most picturesque waterways, including the Kiel Canal and River Seine, and retains the warm, intimate and friendly atmosphere that the Fred. Olsen fleet is renowned for.

Guests on board have plenty of space in which to relax, in elegant and comfortable lounges, bars

and public areas, including a Speciality Dining restaurant, the Marquee Bar with its comfortable rattan sofas and beautiful open promenade. Boasting two separate swimming pool decks, Balmoral is perfect for scenic cruising.

You're in for an incredible adventure from the moment you set sail; during your first Atlantic crossing, you stop at the Azores to see their verdant landscapes, and at beautiful Bermuda, before visiting Cuba to revel in the unmistakable culture and history of Havana.

Then, after a memorable navigation of the Panama Canal, the South American exploration begins in style; you head to Ecuador for a chance to take an overland tour to seek-out the unique wildlife – from marine iguanas to giant tortoise – of the Galapagos Islands, or you could delve into the history of the Incas at Machu Picchu or Lake Titicaca on overland tours.

The Chilean leg of your journey will be an undoubted highlight; you'll experience scenic cruising of Patagonian Fjords amongst glaciers and snow-capped peaks, sail the rugged headland of Cape Horn and visit Puerto Chacabuco, gateway to the mountains of Lower Patagonia and the Andes. Beyond Chile, discover the 'end of the world' from Ushuaia in Argentina and sail to remote Antarctica to see its ice-covered landscapes and wonders such as Elephant Island.

A rare visit to the Falkland Islands is an opportunity to learn of the history of this famously disputed archipelago, and go in search of its endemic species of seals, penguins and other seabirds too. In Uruguay, perhaps throw yourself into the way of Gaucho cowboy life during a visit to Montevideo, before returning to Argentina and its capital, Buenos Aires. Make the most of an overnight stay to see this city's multitude of historic and artistic attractions, perhaps learn how to Tango and gain insight into the life of Eva Peron.

Time in Brazil brings your South American adventures to an end; visits to Itajai, African-influenced Salvador, Ilhabela – a tropical paradise of lush-green lands and golden beaches – and Recife sandwich an overnight stay in Rio de Janeiro, where you can absorb the carnival culture, feel the Samba beats and of course witness iconic sights such as Christ the Redeemer and Sugar Loaf Mountain.

Finally, as you head for home back across the Atlantic, delight in visits to beautiful Cape Verde and Tenerife too.

FOUR SEASONS LUXURY YACHT CRUISES

Four Seasons Yachts are bringing their legendary service and innovation to the seas with the launch of their luxury yacht experiences.

A steadfast, enterprising spirit is launching Four Seasons into a new and exciting business extension – Four Seasons Yachts. Along with Four Seasons, this new venture brings together an unparalleled group of partners: Nadim Ashi and Philip Levine, leading luxury entrepreneurs and bold visionaries of this exceptional yacht experience, as well as Fincantieri, one of the world's leading shipbuilding groups, which will deliver the first new vessel by the end of 2025. The order, which was announced last July, includes the option for two additional vessels and amounts to approximately EUR 1.2 billion.

The first Four Seasons Yacht will be marked by bespoke craftsmanship, personalized service and a dedication to excellence, appealing to discerning guests looking to reimagine their love of travel by experiencing the splendour of modern sea voyaging.

“We are creating something extraordinary that combines the expertise of our Partners, with what Four Seasons does best – delivering unmatched quality and excellence, surrounded by beautiful acts of service and love for our guests.”

*Christian H. Clerc, President,
FOUR SEASONS HOTELS AND RESORTS*

“Four Seasons Yachts represents the next chapter of our long history of industry leading innovation, and a milestone moment for our company as we continue to capitalize on new opportunities to extend the world of Four Seasons,” says Christian Clerc, President, Four Seasons Hotels and Resorts. “True vision rests in the ability to imagine the possibilities while always remaining loyal to one’s values. Our vision for this new venture does exactly that. Together with our partners at Marc-Henry Cruise Holdings Ltd., we are creating something extraordinary that combines their expertise with what Four Seasons does best – delivering unmatched quality and excellence, surrounded by beautiful acts of service and love for our guests.”

With its inaugural journey anticipated for late 2025, the first Four Seasons vessel will be 207 metres (679 feet) long and 27 metres (88.6 feet) wide with 14 decks. At a cost to build of USD 4.2 million per suite, no expense is being spared in terms of the remarkable custom design. The first Four Seasons Yacht will offer nearly 50 percent more living space per guest than currently available, offering ultimate privacy, flexibility and spaciousness in an all-suite nautical residential setting.

Veteran luxury travel industry expert Larry Pimentel is responsible for leading the new enterprise. “In partnership with Four Seasons, we are creating a new category of luxury lifestyle travel that appeals to discerning guests. We are bringing together the very best across industries to create the pinnacle yachting offering through world-class design, curated experiences, and truly exceptional service,” says Pimentel. “When we launch in 2025, there will be nothing else like it on the open seas. Our shipbuilding partnership with Fincantieri rounds out a triumvirate of industry leaders in this unprecedented luxury lifestyle project.”

A Preview of The Four Seasons Yacht Experience

The vessel’s 95 spacious accommodations will feature an extensive network of joining suite combinations creating adaptable, villa-like residences. Each suite will offer floor-to-ceiling windows providing unobstructed natural light and access to expansive terrace decks. The combination of generous indoor and outdoor private guest space and ceiling heights of more than 2.4 metres (7.9 feet) will achieve a new level of guest comfort.

Suite accommodations will start at an average of 54 square metres (581 square feet) of indoor/outdoor living space, designed seamlessly to be part of each room. Sixty percent of the vessel's inventory is in excess of 76 square metres (818 square feet) of indoor/outdoor space. The most expansive residence, the "Funnel Suite" will be an astonishing four levels, offering more than 892 square metres (9,601 square feet) of combined indoor/outdoor living space, including a private wading pool and dedicated private spa area, creating a sea view home away from home.

Globally renowned design partners have been engaged including Tillberg Design of Sweden as lead architect responsible for the design of exterior and guest suites, and London-based Martin Brudnizki Design Studio for the design of many of the yacht's spectacular guest areas. These design partners will be paired with the creative direction of Prosper Assouline.

An Unparalleled Guest Experience at Sea

The vessel's restaurants, lounges and bar concepts will celebrate the excellence and creativity that has been the hallmark of Four Seasons history of culinary innovation and attention to guest preferences. A perfect cappuccino in the lobby, a Mediterranean-inspired lunch, a dinner tasting at the sushi bar or a glass of champagne on the breathtaking terrace – guests will never be far from a perfect bite always paired with remarkable sea views, renowned intuitive service, and much more. The Four Seasons Yacht will also offer guests a full-service spa, salon, and wellness programming – from fitness to health,

and nutrition. The classic canoe-shaped aft will be home to an expansive pool deck, allowing for moments of leisure and relaxation. This area will also transform into an outdoor movie theatre or space for an array of private events. The elegant and industry-first transverse marina is also an ideal spot for guests to enjoy the inviting water, sunbathe or explore the specially-designed aqua leisure toys and accessories. Many more of the vessel's unique features and programming will be revealed in the coming months and up to the vessel's delivery in late 2025.

The onboard yacht experience will be led and staffed by a dedicated Four Seasons Yacht team to bring each voyage's itinerary and destinations to life. The vessel will have an industry-leading staff-to-guest ratio to deliver an unmatched standard of highly personalized service.

The Making of the Four Seasons Yacht

Planned as the first of a fleet of Four Seasons Yachts over the next five years, the first vessel is currently being designed in Trieste, Italy by leading shipbuilders Fincantieri, one of the world's largest shipbuilding groups.

"We are excited to embrace this new opportunity with Four Seasons that will allow us to strengthen our global leadership position," says Pierroberto Folgiero, Fincantieri CEO and Managing Director. "With a reputation built on innovation and reliability, Fincantieri combines groundbreaking engineering and technology to create the finest vessels in the world, ensuring sustainability practices are integrated throughout the design and guest experience."

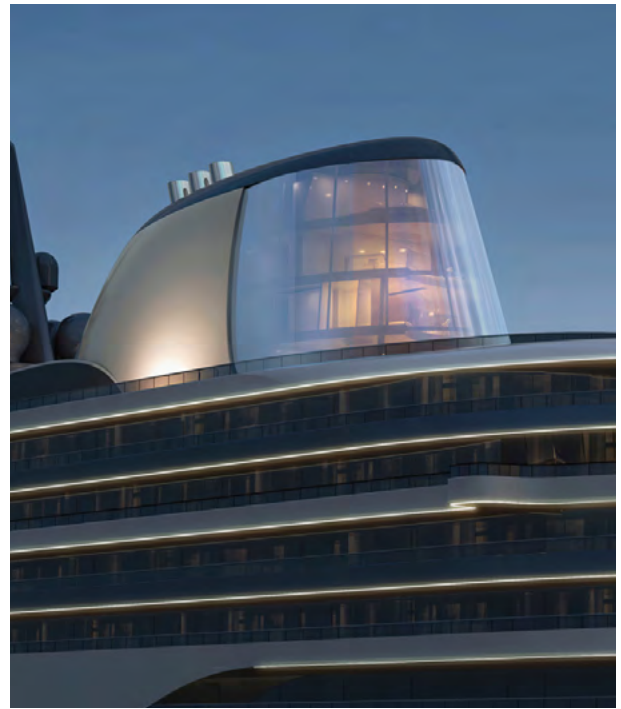

With a distinct focus on guest-centric luxury finishings, Fincantieri has received global acclaim and achieved industry awards. “This project is in a class of its own, combining the best of passenger ship construction and yacht design to create a new benchmark for ultra-luxury vessels” adds Luigi Matarazzo, General Manager Merchant Ships Division of Fincantieri.

Four Seasons Yachts is the latest addition to the brand’s world-class offerings, from the ongoing global expansion of new hotel, resort and residential properties to the Four Seasons Private Jet Experience, the Four Seasons At Home Collection and more.

For those wishing to re-imagine their love of travel, the Four Seasons Yacht experience will offer unrivalled guest service, sumptuous interiors and bespoke itineraries.

LAGOON SEVENTY 7 - THE PINNACLE OF SAILING CATAMARANS

The Lagoon Seventy 7 is a catamaran where harmony reigns superior between interior and exterior living.

Compromise does not exist aboard the Lagoon SEVENTY 7, innovation has enhanced your comfort and performance for a seafaring life.

With an illustrious team brought together by Lagoon--VPLP, Patrick le Quement, and Nauta Design--the SEVENTY 7 catamaran yacht marks an important step towards a boating world in which elegance and refinement are the staples of design.

MAKE YOUR DREAM YOUR REALITY

Your luxurious life at sea awaits with 25 m² of fully configurable space, this enables you to create your very own version of the SEVENTY 7.

Make your SEVENTY 7 catamaran your dream come true with whichever layout you so choose. Enjoy the beautiful days and glorious nights at sea

LAGOON CATAMARANS

on the flybridge and decks, as well as inside where you will enjoy immaculate views from anywhere.

Open floor plans being a key part in our design provide you with uninterrupted views from the cockpit in any of the options. We want to facilitate a convenient and freeing way of life for you at sea. The cultivation of personalized relaxation will come with being aboard the SEVENTY 7.

EXTERIOR

Connected spaces that become one, from the aft deck to the trampoline forward. A massive flybridge affording an impressive additional living space, while remaining an integral part of the boat.

A forward cockpit, directly accessible from the deck and the salon, provide you with an outstanding view to the horizon without interruption. Large hull portholes that allow generous amounts of light into the interior spaces that are sure to never have you miss a moment of basking in the sun.

Secluded from the rest of the yacht, Lagoon included its technological gem in the design of the SEVENTY 7, giving the owner's suite direct access to the sea through an optional private terrace. The hull door lowers, opening the suite to the ocean air and giving you a true oasis to get away from it all.

INTERIOR

A blend of elegant details and finishes produce levels of refinement and provide a comfortable, harmonious interior to be enjoyed in every space aboard. Optimized with a layout that is infinitely spacious and bright, this creates a true living space for all.

The salon being equipped with large windows and exceptional headroom provides an unmatched panoramic view all day long. An opulent owner's suite, independent of the rest of the vessel, gives you exclusive access to the sea by having the option of a private terrace.

A flexible, fully modular space enables the creation of an additional private area for the owner's suite, connecting directly to the salon and the forward cockpit.

Different layouts available with 3, 4 or even 5 guest cabins, each fitted with an island bed, a desk, ample storage spaces and complemented by a private bathroom mean you can entertain all who you wish to.

With two options for crew areas, located at the forward or aft end of the boat, supplied with more comfort and space, gives you no reason but to live with exceeding luxury for a life at sea.

DYNAMIQ G350 - EXPLORATION NEVER LOOKED SO GOOD

Practical and fast, the Global 350 is a no-compromise high-tech explorer vessel that can cruise up to 3,500 nm to visit the world's most beautiful and remote locations ...

Boasting a fantastic interior volume of 270 GT, the owner's stateroom on the Dynamiq G350 is the best in class with two fixed balconies on the forward main deck, and there are four comfortable staterooms on the lower deck. With an ultra-wide beam of 8.5 m (27' 10") and accommodation for ten guests in five luxurious cabins, the G350 breaks with convention in terms of design, performance and technology.

ROUND BILGE FAST DISPLACEMENT HULL

Drawn by leading Dutch naval architects, the G350 unique hull features a round-bilge shape for remarkably low resistance and low fuel consumption, while still being capable of high speeds. The design decreases vertical accelerations in the hull, which translates into a far more comfortable motion when

sailing. The avant-garde bow shape with a vertical stem maximizes the waterline length, enhancing performance even more. To keep spray levels low, an integrated spray rail deflects water hitting the bow area.

ROBUST METAL CONSTRUCTION

Special high tensile steel, which is lighter than carbon steel, together with certified marine-grade 5083 aluminium and even stronger 5383 Sealium are used to build the Dynamiq G 350 hull and superstructure. A lighter hull provides better performance, shallower draft and lower fuel consumption. Another benefit is that metal construction ensures a stiff, robust and vibration-free vessel that is very comfortable and seaworthy in a heavy swell or choppy conditions. G 350 hull guarantees safe operation for more than 25 years.

BENTLEY HOME EXCLUSIVE FURNITURE COLLECTION

Feel the way you drive, with a new range of handmade furniture inspired by the techniques, materials and finishes that characterise Bentley's renowned car interiors. Browse through a selection of loose furnishings and accessories from cult brand Bentley Home and lamps from Tom Dixon and Flos.

Marbles, fabrics, leathers and accessories can be customised by the client with Bentley Home designers to ensure individual selections. Hand-tufted carpets in pure silk, bamboo and finest New Zealand virgin wool are supplied by OT (Germany), a world leader in the manufacturing and laying of exclusive hand-made carpets.

TRANSATLANTIC RANGE

The G350 has an ocean-going range of 3,500 miles at 10 knots and is perfectly equipped for long-range cruises, which means owners have the opportunity to enjoy two seasons during the year (Med and Caribbean) and greater freedom navigating remote locations with no bunkering infrastructure. G350 is equipped with high-capacity Miele marine fridges and freezers, cold garbage stores, separate laundry facilities and plenty of storage space. Generous fresh-water tanks and powerful water-makers allow guests to spend long periods of time sea in complete comfort.

CURVED STABILIZER FINS

Vector Fins stabilizers dramatically reduce roll as well as undesired yaw and sway motions caused by active fins. Their vertical concave shape creates a net force direction, both in cruising and at-anchor modes, so the work is more up-down instead of side-to-side. By changing the net force angle, this also increases the leverage arm around the boat's rolling point, further increasing the physical forces that work on the boat to reduce roll. This provides more efficient stabilization per fin size, which means that drag and power consumption are less than with other fins offering comparable roll reduction.
